## **Crossing The Wasteland An Intellectual Quest For God:**

**Crossing the Wasteland** Samuel B. Southwell, 2002-06-01 The author draws upon the experience of a diverse career in the foreign service and academia to argue that restoration of our cultural health depends upon our finding our way to orthodox religious faith Proposed transformations of our conceptions of reality and of history make it a realistic possibility Richly original analyses are of much interest for the many disturbed by modern challenges to faith The book demonstrates that the intellectual obstacles to religion have destroyed their own foundations It establishes the intellectual respectability of faith and sustains the authenticity of all traditional religions

**The Primacy of Loving** David John Torkington, 2022-12-09 When love is lost within a family catastrophic consequences follow That is not just for the parents but for the children too and society at large When the God given love that Jesus Christ introduced into the first Christian family was lost similar consequences ensued Loveless men and women not only do damage to themselves but to others too inside and outside of the Church This last spiritual and supreme masterpiece of a great spiritual master explains and details how the love that was lost can be put back and flourish where it once flourished before This book is the long awaited watershed that can slake the thirst of the dry weary land that has been yearning to receive it

**Catholic Literary Giants** Joseph Pearce, 2014-09-17 In *Catholic Literary Giants* Joseph Pearce takes the reader on a dazzling tour of the creative landscape of Catholic prose and poetry Covering the vast and impressive terrain from Dante to Tolkien from Shakespeare to Waugh this book is an immersion into the spiritual depths of the Catholic literary tradition with one of today's premier literary biographers as our guide Focusing especially on the literary revival of the twentieth century Pearce explores well known authors such as G K Chesterton Graham Greene and J R R Tolkien while introducing lesser known writers Roy Campbell Maurice Baring Owen Barfield and others He even includes the new saint Pope John Paul II who wrote many literary and poetic pieces among them the story that was made into a feature film *The Jeweler's Shop*

*Still Rebels, Still Yankees and Other Essays* Donald Davidson, 1999-03-01 A decade and more has passed since the first publication of *Still Rebels Still Yankees* During that time the book has become recognized as a classic affirmation of the necessity of tradition in conserving cultural order Donald Davidson a major figure in the Agrarian Movement summed up the intent of the work this way The general theme that binds the essays no matter what their specific subjects is the conflict between tradition and anti tradition that characterizes modern society with tradition viewed as the living continuum that makes society and civilization possible and anti tradition as the disintegrative principle that destroys society and civilization in the name of science and progress The South which has suffered most in its devoted defense of tradition naturally offers me examples for consideration but this is not a book about the South as such It is as near as I can come in essay form to defining what I would conceive to be the true American position In a brilliant and graceful style Davidson pursues his theme in a rich variety of subjects poetry myth and folklore and in the complex rivalries between nation and region the free citizen and the Leviathan state the values of
