Crossing The Snow Bridge:

Crossing the Snow Bridge Fatima Lim-Wilson, 1995 The manananggal a supernatural character in Filipino folklore flies at night seeking prey her winged upper torso casting shadows from the moonlit sky while the lower part of her body waits patiently below In this fascinating new collection *Crossing the Snow Bridge* Fatima Lim Wilson explores the similarly split experience of the immigrant in the United States An inhabitant of this country for five years Lim Wilson's legal status is that of resident alien a disturbing but apt description given the clash of cultures the immigrant encounters daily Although she still dreams in her native Tagalog Lim Wilson writes in her borrowed language and it is through attempting to understand the cleaving of her own tongue that she works to redefine her place and that of other immigrants here How can memories of green mangoes miniature fish and the landscape of seven thousand islands fit in with let alone contribute to a North American cultural identity Yet a great part of that cultural identity is built upon the immigrant experience In telling stories of the Philippines and of the United States these poems build a metaphorical bridge over which we can cross between cultures
