Crossing The Unknown Sea:

Crossing the Unknown Sea David Whyte, 2002-04-02 Crossing the Unknown Sea is about reuniting the imagination with our day to day lives It shows how poetry and practicality far from being mutually exclusive reinforce each other to give every aspect of our lives meaning and direction For anyone who wants to deepen their connection to their life s work or find out what their life s work is this book can help navigate the way Whyte encourages readers to take risks at work that will enhance their personal growth and shows how burnout can actually be beneficial and used to renew professional interest He asserts that too many people blindly trudge through a mediocre work life because so many busy tasks prevent significant reflection and analysis of job satisfaction People often turn to spiritual practice or religion to nurture their souls but overlook how work can actually be our greatest opportunity for discovery and growth Crossing the Unknown Sea combines poetry gifted storytelling and Whyte s personal experience to reveal work s potential to fulfill us and bring us closer to ultimate freedom and happiness

Crossing the Unknown Sea David Whyte, 2003-09 **Crossing the Unknown Sea** David Whyte, 2001 An exploration of work as an opportunity for discovering and nurturing our deepest selves We spend most of our time in the workplace and what holds us back at work is what will hold us back the longest in terms of our personal development A blend of poetry story telling and experience this book is about how we find fulfilment through work The text applies the stages of a pilgrimage to the process of seeking identity through the unknown sea of work **A Deputy**

Warden's Reflections on Prison Work Adria L. Libolt, 2012-01-20 This book is a picture of prison life from the inside It illustrates prison life as at turns exciting surprising distressing and often amusing Each day is different and anyone who walks through a prison gate had better be alert It tells of the small human dramas that play out daily among staff prisoners and others who enter this gated world It calls the reader to see that justice begins by seeing each person staff or prisoner as an individual with his or her own story The passion of the author is to portray prison life as continuous with life in broader society In prisons we meet the same cast of characters the same temptations the same dangers and the same rewards as on the outside Rather than regarding prisons as separate worlds we should regard them as extensions of the society in which we live This is important because there is a continuous flow between prisons and the broader society Those who go to prison usually return to society Understanding how prisons work will help us as we consider how to reintegrate former prisoners into our society As the author argues this is difficult but important work

Out of Chaos Jessica LaGrone, 2022-05-10 Life is a hot mess There s the bedlam of getting out the door in the morning The constant breaking down of our homes and bodies and the cars we drive And the institutions that promise to help are often no better We are surrounded by the constant disorder of governments and disappointed by organized religion the very entities that tell us they can provide us sanity and security Instead they leave us scratching our heads or licking our wounds Chaos surrounds us and at times it seems to rule our souls our families and our world But does chaos always end in failure or flaw What if chaos was more than the check

engine light of lost causes What if chaos was the raw material out of which God creates In the beginning God brought order from chaos filling the chaos with a beautiful creation and he s been doing it ever since Where you and I may experience confusion and disorder God sees an opportunity for something new for a rebirth a renewal and a renovation God did this in the beginning he did it again at the cross and with renewed vision for our disordered world today we look to God to do it again Inspired by the powerful picture of creation in Genesis 1 2 author Jessica LaGrone challenges the hope destroying belief that God has abandoned us in our broken relationships our pain and our grief In the midst of our out of control lives God is there and he specializes in making new things from the chaos threatens to drown us When we experience chaos in our own lives and everything feels like it is falling apart God is just getting started When the Spirit of God hovers chaos can give birth to hope
