Dimensions Of Moral Theory An Introduction To Metaethics And Moral Psychology:

Dimensions of Moral Theory Jonathan Jacobs, 2008-04-15 Dimensions of Moral Theory examines the key presuppositions and philosophical commitments that support and shape moral theories Ethics: The Basics, 2nd Edition John Mizzoni, 2017-05-08 Updated and revised Ethics The Basics Second Edition introduces students to fundamental ethical concepts principles theories and traditions while providing them with the conceptual tools necessary to think critically about ethical issues Introduces students to core philosophical problems in ethics in a uniquely reader friendly manner Lays out clearly and simply a rich collection of ethical concepts principles theories and traditions that are prevalent in today s society Considers western and non western viewpoints and religious interpretations of ethical principles Offers a framework for students to think about and navigate through an array of philosophical questions about ethics **SCM Studyguide:**

Philosophy and the Christian Faith Ben Pugh , 2018-12-04 The challenges that Western culture keeps posing to the Christian faith are ever new The goal posts keep changing This study guide will equip theology students to understand the culture shaping beliefs that are driving the kinds of questions it brings to faith It will be an historical overview of the key stages in the history of Western philosophy with each section carefully tracing the genealogical line of ideas and the Christian responses to them right up to the present day For most theology students learning abstract philosophical concepts involves literally learning a new language a language that the initiated converse in with ease but which leaves the uninitiated baffled Thus each chapter in this study guide opens with a glossary of terms Throughout the studyguide students are encouraged to reflect on the ways in which what has been learned might be applied in both explicitly theological and wider cultural contexts for example they might be asked to think of a film or book that seems to express elements of existentialism or postmodernism or to describe how something very like the extreme subjectivity of idealism can sometimes shows itself in Sunday morning worship **On Consequentialism** Liam Rodgers, 2012-12-13 Essay from the year 2012 in the subject

Philosophy Philosophy of the 20th century course EPQ language English abstract There is in modern society a general trend of antipathy regarding morality leading to an acceptance of unconsidered egocentric utilitarianism This essay sets out to combat blind consequentialism in its most esteemed form in favour of a considered approach regardless of perspective The outcome is a brief analysis of the concepts and arguments in one of the most prominent debates in ethics providing a concise evaluation of the key tenets of both sides **Ethics** John Mizzoni, 2009-08-31 Ethics The Basics provides beginning students

with a solid grounding in basic ethical principles theories and traditions as well as a set of conceptual tools necessary to think about ethics and make ethical decisions Introduces ethical concepts theories and traditions in an unusually reader friendly manner Considers western and non western ethical viewpoints and religious interpretations of ethical concepts Includes end of chapter summaries case studies review questions diagrams and an appendix containing definitions of all the ethical concepts principles theories and traditions introduced in the book **Contemporary Debates in Bioethics** Arthur
