Dios no nos quiere contentos Griselda Gambaro, 1979      Embodying Resistance Dianne Marie Zandstra, 2007 This book traces narrative strategies in Griselda Gambaro's novels to the grotesco criollo and to the broader grotesque tradition. These are analyzed with an emphasis on their critique of social relationships within the Argentine political system and male

*Bodies and Texts* Claire Taylor, 2003 The writings in this volume represent a variety of ethical and artistic responses to the notion of Austria as collective victim introduced      **The Argentine Novel** Myron I. Lichtblau, 1997-03-27 The Argentine Novel is a comprehensive bibliography of the Argentine novel from its beginnings in 1788 the year Miguel Learte wrote *Las aventuras de Learte* until 1990 when such authors as Osvaldo Soriano and Luisa Valenzuela published their popular novels. In addition to novels the bibliography includes works which may be considered under the rubric of short novel such as *novela corta* which in spite of its short length partakes more of the novel than the short story in its basic literary conception plot development and narrative scope. Where possible all editions of each novel or work are cited as well as translations into foreign languages and citations may be followed by one or more critical commentaries or select bibliographies of additional studies on the work or its author. This exhaustive work serves as the definitive guide to this genre in Argentine literature. A must for all collections that support comparative literature studies Hispanic studies or as a guide to popular reading.

*Narración-Religión-¿Subversión?* Ursula Arning, 2016 Este trabajo es una manera de participar en el diálogo entre la historia y la actualidad. Luego de los atentados en las Torres Gemelas en septiembre del 2001 y de lo sucedido hasta hoy la pregunta acerca del poder de la religión se hizo nuevamente presente en las sociedades al analizar la presencia estética y la función del discurso religioso en la literatura. Bajo un régimen autoritario se revela la importancia de la religión y asimismo de la función de la literatura en tiempos de terror y de tortura como una herramienta de crítica social y política en respuesta a la violencia. La crítica literaria argentina ve a través de este trabajo un nuevo camino de estudios que permitir a su vez volver a considerar obras y acontecimientos literarios del período estudiado bajo una nueva luz.
