**When Angels Wept** Eric G. Swedin, 2010 In 1961 at the Bay of Pigs CIA trained and organized Cuban exiles aiming to overthrow Fidel Castro were soundly defeated Most were taken prisoner by Cuban armed forces Fearing another U S invasion of its new ally the Soviet Union sneaked into Cuba strategic missiles tipped with nuclear warheads and Soviet troops armed with tactical nuclear weapons However a U 2 spy plane flight would soon find the Soviet missile sites thus sparking the famous missile crisis For thirteen terrifying days the world watched nervously as the two superpowers moved toward escalation holding the world's fate in their hands Finally Nikita Khrushchev blinked He agreed to withdraw the weapons from Cuba in return for John F Kennedy's pledge not to invade the island But what if it had not turned out this way What if the U 2 flight had been delayed If the confrontation had set off a nuclear war what would have happened to the United States and Soviet Union in 1962 What kind of account would a historian have written in a world scarred by nuclear war Eric G Swedin draws on research made available after the Soviet Union's collapse to examine what could have happened Top U S military officers all urged stronger action against Cuba than the naval blockade including a bombing campaign and even a full scale invasion Unknown to the Americans meanwhile the Soviet Union had tactical nuclear weapons in Cuba and were prepared to use them The 1962 crisis had many possible outcomes Posing an alternate history helps us better appreciate the dangers of that tense time Such counterfactual speculation shows what the Cuban missile crisis could have wrought and how it was truly one of the most important moments of the twentieth century

*Focus On: 100 Most Popular Knights of the Garter* Wikipedia contributors,      **Francis I and Sixteenth-Century France** Robert J. Knecht, 2023-05-31 The reputation of Francis I king of France 1515-47 has fluctuated over the centuries Acclaimed as noble and great in the sixteenth century he came to be unfairly denigrated under the Bourbon kings and the republic But in the twentieth century research based on archival material has restored his standing as

one of the most important rulers of his age The present volume brings together seventeen articles by Robert Knecht published over several decades on particular aspects of the reign with three specially translated from French into English They examine the period in more depth than was possible in the author's 1994 biography of Francis I and include studies of the Concordat of 1516 with the papacy the Field of Cloth of Gold in 1520 the lit de justice of 1527 and the visit to France of the Emperor Charles V in 1540 Other articles consider the king's attitude to the Reformation his court his relations with Paris and visits to Aquitaine his patronage of architecture as demonstrated by his building of the chateau of Fontainebleau and his relations with his mother Louise of Savoy and sister Marguerite d'Angoulême The king's love of books and the political advice he received from scholars are also considered as well as the extent of his absolutism Two articles compare the English and French Reformations and the nobilities of the two countries The volume is intended as a contribution to the celebration of the 500th anniversary of Francis I's accession Latin America Dispatch, 1987 **Life and Letters of Judge Thomas J.
