from pedagogy and real life to present a compelling and detailed account of the ways in which these stories might interface with the moral development of children The book offers a rich and articulate narrative of its own which aims at the good in its desire to propose that immersion in such superhero narrative play can teach children about ethics social responsibility and what it is to be human This is also a wonderful contribution to debates around the role of mass media in promoting critical thinking and enquiry among children Dr Sheena Calvert Senior Lecturer University of Westminster UK This book authoritatively assesses the virtues of engaging in superhero play with young children It argues that far from damaging children and encouraging them to adopt unthinking aggressive behaviours superhero play is an implicitly moral activity It encourages children to explore profound moral and ethical thinking This book is both a well researched account of the appeal that superhero play has for children of both sexes and a practical guide to how such play can be used imaginatively in early years settings Rob Abbott Senior Lecturer in Early Childhood and Education University of Chichester UK
