MBChatfield ChatGPT Gemini      *More Than Words* John Warner, 2025-02-04 A veteran writing teacher makes a moving Rick  
Wormeli argument that writing is a form of thinking and feeling and shows why it can't be replaced by AI In the age of  
artificial intelligence drafting an essay is as simple as typing a prompt and pressing enter What does this mean for the art of  
writing According to longtime writing teacher John Warner not very much *More Than Words* argues that generative AI  
programs like ChatGPT not only can kill the student essay but should since these assignments don't challenge students to do  
the real work of writing To Warner writing is thinking discovering your ideas while trying to capture them on a page and  
feeling grappling with what it fundamentally means to be human The fact that we ask students to complete so many  
assignments that a machine could do is a sign that something has gone very wrong with writing instruction *More Than Words*  
calls for us to use AI as an opportunity to reckon with how we work with words and how all of us should rethink our  
relationship with writing

You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
