Abstract. In recent years, there has been a broad theoretical debate on a concept of democracy which is ideal for governments that correspond to the expectations of citizens. It is also possible to observe that in the present, the traditional political alternatives have demonstrated a progressive downfall, which has given way to parties or political figures that challenge the established system. In this chapter, the emblematic cases of Brazil, Colombia, Mexico and the United States are presented, with special emphasis on the electoral processes held in those countries between 2016 and 2018, in where candidates who promised to change the state of affairs in their respective countries had a positive electoral outcome. These cases exemplify, on the one hand, institutionalism in some of the continent's most important countries, in where the transfer of power occurs peacefully and through supervised electoral processes. But for the other, it is also evidence of the exhaustion of the traditional political class and the rise of new actors, who take advantage of the new channels of representation. This is showing both a crisis of Western democracies and the transformation of the electoral machineries.

Key words: Democracy · America · Elections · Citizens · Governments

1 Introduction: Crisis of Democracy in the American Continent

Over the years, both the theoretical and practical concepts of what democracy should be has been constantly debated. Currently, there are examples of how the discussion has transcended the formal rules of what we understand as a procedural democracy, to focus on what can constitute a democracy that meets the fundamental aspirations of a society. This corresponds to a long journey in the history of humanity, which has sought to strengthen social freedoms [1].

About this topic, it has been established that there are some essential elements that allow us to speak of a democracy that is not only functional, but also holds essential quality. This concept means, among other things, for a system to allow the celebration of free elections, a true independence of the media, having acceptable standards in matters

Crisis In Democracy A Policy Analysis Of American Government:

Crisis in Democracy Harrell R. Rodgers,1978 *Energy Abstracts for Policy Analysis* ,1988 Handbook of Democratic Innovation and Governance Stephen Elstub,Oliver Escobar,2019-12-27 Democratic innovations are proliferating in politics governance policy and public administration These new processes of public participation are reimagining the relationship between citizens and institutions This Handbook advances understanding of democratic innovations in theory and practice by critically reviewing their importance throughout the world The overarching themes are a focus on citizens and their relationship to these innovations and the resulting effects on political equality The Handbook therefore offers a definitive overview of existing research on democratic innovations while also setting the agenda for future research and practice Paperbound Books in Print ,1992 **Catalog of Copyright Entries, Fourth Series** Library of Congress. Copyright Office,1978 **Books in Print** ,1981 **From 9/11 to Terror War** Douglas Kellner,2003 The book shows how September 11 provided an opportunity for the Bush administration to push through hard right domestic and foreign policies many of which were being contested and blocked in Congress pre September 11 Visit our website for sample chapters

The American Political Science Review ,1927 American Political Science Review APSR is the longest running publication of the American Political Science Association APSA It features research from all fields of political science and contains an extensive book review section of the discipline Comparative Politics Daniele Caramani,2011-02-17 Comparative Politics provides a comprehensive introduction to political systems around the world It covers methods and theories the nation state institutions actors and processes policies and recent changes *Subject Catalog of the Institute of Governmental Studies Library, University of California, Berkeley* University of California, Berkeley. Institute of Governmental Studies. Library,1978

Recording for the Blind & Dyslexic, ... Catalog of Books ,1996 *Democracy, Bureaucracy, and Character* William D. Richardson,1997 Most American citizens are quick to criticize federal bureaucracy for its size and inefficiency They assume it has exceeded the intent of our nation s founders yet men like James Madison and Alexander Hamilton knew that good public administrators were essential to good government William Richardson here examines the origins legitimacy and limitations of public administration from the perspective of the Founders thought He shows that these men especially the authors of The Federalist advocated an energetic public administration as an essential component of government and even considered the emergence of a natural aristocracy of virtuous civil servants The Founders would see the fault of today s federal bureaucracy argues Richardson not as much in its size as in the character of its members Richardson relates the Founders belief that the nation should strive to produce public servants committed to developing character traits such as wisdom and moderation that would exemplify the highest ideals of the republic and thus ensure its survival They anticipated some self interest on the part of administrators but believed it would be held in check by public opinion and the political process To test the success of the Founders ideal Richardson examines both the character of administrators and the role of

ethics in forming that character He explores the various plans for educating public leaders throughout American history and looks at how attitudes toward public administration have changed in this century from Woodrow Wilson s scientific ideal to recent proposals to downsize government Among other suggestions Richardson advocates reforming existing institutions by emphasizing character Democracy Bureaucracy and Character is an exercise in legitimizing public administration offering important insights into the Founders thoughts that can be applied to today s debate over government bureaucracy Public administration may be problematic by nature observes Richardson but it is crucial to our form of government Through his analysis we can see that while bureaucracy and democracy have long had an uneasy relationship neither can be effective unless we fully assess the place and purpose of character in the American regime *A London Bibliography of the Social Sciences* ,1981 Vols 1 4 include material to June 1 1929 **U S Policies Toward Brett (Fpi Policy Study Groups)** Alvin Paul Drischler,M. P. Benjenk,1988-02 *The American Annual Cyclopedia and Register of Important Events of the Year ...* ,1899 Changing the Heart of Social Policy-Making Catherine E. Johnson,2025-07-24 Effective social policy making has been debated for decades by policy makers scholars and the general public As elected officials have lost sight of their purpose in a climate of extreme polarization and partisan politics disappointment and distrust of our government institutions have swelled This book highlights the importance of a change in the hearts and minds of legislators and provides a new perspective on addressing the public s desire for more effective and humane social policies Covering the legislative and social policy making process from a historical and contemporary perspective this book identifies powerful interest groups and corporate dollars which influence our legislative process and erode sound policy ideas and solutions The book also explores a new generation of youth voters which can influence election and policy outcomes the current mental health crisis and the importance of evidence based research in designing social policies Several topics are illuminated by real life experiences case studies and practical guidelines **International Programs of the California State University** California State University. Office of International Programs,1998 *Mismanaging America* Walter Williams,1990 Is the federal government inept Walter Williams says yes Thanks to Ronald Reagan s ill conceived cutbacks reliable policy advice is no longer available to the president The result has been the S L bailout the HUD scandal mismanagement on an unprecedented scale **CSA Political Science & Government** ,2005 *Policy Analysis* William N. Dunn,1986
