Crisis Leadership Planning For The Unthinkable:

Crisis Leadership Ian Mitroff, 2004 The text presents a systematic behavioral model that underlies crisis management showing which personality functions are required for managing and preparing for major crises The book discusses the extreme importance of Emotional IQ in handling responding and preparing for any crisis Crisis Leadership presents the findings from new national surveys and new concrete easy to understand models for implementing programs of proactive leadership The combination of models including a comprehensive look at what happens before during and after a crisis creates a truly integrated and systematic approach

Post-Crisis Leadership Ralph A. Gigliotti, 2024-11-15 Given the many pressures facing leaders across higher education the work of crisis leadership remains an imperative for leaders at all levels Attention tends to center on strategies for engaging in leadership both prior to and during crisis often leaving the post crisis period as an afterthought This book introduces a research informed framework for this critical and often neglected phase of crisis leadership With an underlying commitment to values based principle oriented and people centered practices this framework consists of five leadership practices that are recognized as especially critical in the aftermath of crisis a encourage learning b inspire growth c stimulate meaning making d pursue reinvention and e advance renewal Communication serves a critical role in each of the various dimensions of post crisis leadership and it is a communication orientation that can help to inform the paradoxes processes and patterns that arise during these periods of immense tension and at times transcendence

Journeys Through the Disability and Mental Health Nonprofit Sector

David Rosenbaum,Elizabeth More,Mark Orr,2025-05-02 This book is about leadership in nonprofit disability and mental health service organisations It is focused on providing both an academic and a practitioner view of what leadership should look like in this sector and what are the various leadership attributes and skills acquisitions that will guide successful leadership in an array of situations and circumstances It achieves this dual focus through the detailed analysis of leadership issues across a wide range of relevant topics and issues that centre on academic analysis interspersed with appropriate and relevant sector practice related examples In this manner the book will be of interest to both academics in a range of management related and disability fields as well as to practitioners seeking guidance and input on issues pertinent to their own organisation recognising that all organisations irrespective of sectors are able to learn from each other Additionally higher education students involved in nonprofit leadership subjects and courses seeking further research in this area to support their studies will also find this book a valuable resource for their studies An analysis of industry practice is presented following detailed interviews with key executive staff from nonprofit disability and mental health service organizations This analysis of interviews is presented in a manner that supports and reinforces the academic details presented in the preceding chapters In this way theory and practice become integrated This linkage will enable theory to be augmented by real world organizational activities and experiences from key organizational players This book contains a wealth of academic research based information on a broad range of topics that represent issues and challenges faced by all CEOs within nonprofit disability and mental health service organizations A Guide for Leaders in Higher Education Brent D. Ruben,Richard De Lisi,Ralph A. Gigliotti,2023-07-03 FIRST EDITION SPECIAL RECOGNITION Winner of the 2018 Sue DeWine Distinguished Scholarly Book Award National Communication Association Applied Communication Division REVIEWS OF THE FIRST EDITION The book provides frameworks and resources that would be highly relevant for new and aspiring department chairs

In fact this text is ideally designed to serve as a selection for a book discussion group The Department Chair Succeeds in providing accessible and useful resources to individuals across different leadership roles As a midpoint between textbook and reference work it is successful at both and provides a clear and unbiased background to issues facing current leaders

Reflective Teaching During a time of unprecedented challenges facing higher education the need for effective leadership for informal and formal leaders across the organization has never been more imperative Since publication of the first edition the environment for higher education has become more critical and complex Whether facing falling enrollments questions of economic sustainability the changing composition of the faculty and student bodies differential retention and graduation rates declining public confidence in the enterprise or the rise in the use of virtual technologies not to mention how COVID 19 and an intensified focus on long standing issues of racial and gender representation and equity have impacted institutions and challenged many long standing assumptions it is clear that learning on the job no longer suffices Leadership development in higher education has become essential for advancing institutional effectiveness which is the focus of this book Taking into account the imperative issues of diversity inclusion and belonging and the context of institutional mission and culture this book centers on developing capacities for designing and implementing plans strategies and structures connecting and engaging with colleagues and students and communicating and collaborating with external constituencies in order to shape decisions and policies It highlights the need to think broadly about the purposes of higher education and the dynamics of organizational excellence and to apply these insights effectively in goal setting planning and change leadership outcomes assessment addressing crises and continuous improvement at both the level of the individual and organization The concepts and tools in this book are equally valuable for faculty and staff leaders whether in formal leadership roles such as deans chairs or directors of institutes committees or task forces or those who perform informal leadership functions within their departments disciplines or institutions It can be used as a professional guide a textbook in graduate courses or as a resource in leadership training and development programs Each chapter concludes with a series of case studies and guiding questions
