

Crisis Management & Brief Treatment

THEORY, TECHNIQUE, AND APPLICATIONS

ROBERT M. BRIDGMAN, EDITOR

While the two books emphasize the importance of working with individuals and social systems, they also emphasize the importance of working with individuals, families, and groups. The book is a valuable resource for anyone interested in crisis management and brief treatment.

For more information, contact the publisher at 1-800-393-6643.

Crisis Management And Brief Treatment Theory Technique And Applications

Gilbert J. Greene, Mo Yee Lee

Crisis Management And Brief Treatment Theory Technique And Applications:

Crisis Management and Brief Treatment Albert R. Roberts,1996 In CRISIS MANAGEMENT AND BRIEF TREATMENT Roberts builds an outstanding model of intervention drawing upon the theoretical bodies that have aided in the emergence of various strategies of short term intervention Roberts book places emphasis on crisis work with numerous highly experienced practitioners applying his model to a range of situations all of which are associated with high stress and acute crisis

Social Workers' Desk Reference Albert R. Roberts,2009 This is a new edition of the wildly successful everyday reference for social workers Like the first edition it has been crafted with the help of an extensive needs assessment survey of educators and front line practitioners ensuring that it speaks directly to the daily realities of the profession It features 40% new material and a more explicit focus on evidence based practice **Crisis Intervention Handbook** Kenneth Yeager,2015 The media s portrayal of acute crisis events that impact the lives of the general public interest in crisis intervention response teams management and stabilization has grown tremendously in the twenty first century Addressing the consequential demand for skills and methods to effectively manage acute crisis situations the Crisis Intervention Handbook Assessment Treatment and Research Fourth Edition is specifically designed to address a fill range of acute crisis episodes including school violence battering adult substance abuse and responses to mass disasters of terrorist attacks Applying a unifying model of crisis intervention this practical timely and reader friendly handbook serves as an invaluable resource for front line crisis workers clinical psychologists social workers psychiatric mental health nurses and graduate students learning the latest steps and methods for intervening effectively with persons in acute crisis *Emergencies in Mental Health Practice* Phillip M. Kleespies,2000-01-27 Focusing on acute clinical situations in which there is an imminent risk of serious harm or death to self or others this practical resource helps clinicians evaluate and manage a wide range of mental health emergencies Authors examine how to distinguish crises that are emergencies from those that are not and provide basic instruction in crisis theory and emergency interviewing The volume then provides guidelines for intervening with suicidal patients potentially violent patients and vulnerable victims of violence as well as patients facing life and death medical decisions with careful attention to risk management and forensic issues Also addressed are emergency related conditions including self mutilation alcohol and drug related crises adverse reactions to psychotropic medication and psychological symptoms of medical conditions Finally chapters consider the effects of emergency intervention on clinicians and offer suggestions for managing stress *Comprehensive Handbook of Social Work and Social Welfare, Social Work Practice* ,2008-03-31 Comprehensive Handbook of Social Work and Social Welfare Volume 3 The Profession of Social Work features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social work and social welfare **Solution-oriented Social Work Practice** Gilbert J. Greene,Mo Yee Lee,2011 Too often in practice there is a tendency to pathologize clients requiring a diagnosis as part of the

helping relationship Suppose however that most of the client problems that social workers encounter have more to do with the vagaries of life and not with what clients are doing wrong This powerful idea is the philosophy behind the strengths based approaches to social work This groundbreaking practice handbook takes this concept one step further combining the different strengths based approaches into an overarching model of solution oriented social work for greater impact The strengths perspective emphasizes client strengths goal setting and a shared definition of positive outcome Solution focused therapy approaches ongoing problems when they have temporarily abated amplifying exceptions as solutions This natural but rarely explored pairing is one component in the challenging and effective practice framework presented here by the authors two seasoned practitioners with over 50 years of combined experience By integrating the most useful aspects of the major approaches a step by step plan for action emerges With this text in hand you will Integrate elements from the strengths perspective solution focused therapy narrative therapy and the strategic therapy of the Mental Research Institute the MRI approach into an effective and eclectic framework Build and practice your skills using case examples transcripts and practical advice Equip yourself with the tools you need to emphasize clients strengths Challenge the diagnosis first medical model of behavioral health care Collaborate with clients to get past thinking first order change and more to acting outside the box second order change Learn to work with a wide variety of clients including individuals groups and families involuntary clients clients with severe mental illness and clients in crisis For any student or practitioner interested in working with clients towards collaborative and empowering change this is the essential text

Assessment for Crisis

Intervention Rick Myer, 2001 Handling crisis situations is a scary and often intimidating task for many beginning and even seasoned counselors social workers human service workers psychologists nurses police officers and other professionals Assessment is the foundation and most critical process in crisis intervention since it helps provide the practitioner with essential information reducing the trial and error method that many practitioners find themselves using Myer discusses a three dimensional model for understanding the assessment process using affect cognition and behavior reactions as the three core components of the assessment process Unique in its focus on assessment in crisis intervention this text provides a needed element that is often left out or treated superficially in other crisis intervention texts

Brief Treatment in

Clinical Social Work Practice Maria D. Corwin, 2002 Author Maria Corwin offers a text that addresses the current concerns that professionals may have regarding shorter treatment programs As stated in her preface her goal is to help students and clinical workers gain a sense of competency and confidence in doing time limited work

Handbook of

Social Work in Health and Aging Barbara Berkman, 2006-02-09 The Handbook of Social Work in Health and Aging is the first reference to combine the fields of health care aging and social work in a single authoritative volume These areas are too often treated as discrete entities while the reality is that all social workers deal with issues in health and aging on a daily basis regardless of practice specialization As the baby boomers age the impact on practice in health and aging will be

dramatic and social workers need more specialized knowledge about aging health care and the resources available to best serve older adults and their families The volume s 102 original chapters and 13 overviews written by the most experienced and prominent gerontological health care scholars in the United States and across the world provide social work practitioners and educators with up to date knowledge of evidence based practice guidelines for effectively assessing and treating older adults and their families new models for intervention in both community based practice and institutional care and knowledge of significant policy and research issues in health and aging A truly monumental resource this handbook represents the best research on health and aging available to social workers today The Changing Face of Health Care Social Work Sophia F. Dziegielewska,1998 *Social Work Practice in Mental Health* Kia J. Bentley,2002 This new edited book presents a partnership model and aims to be cutting edge scholarly and unambiguously useful and practical Kia J Bentley and the other well known and respected contributors address the need for approachable immediately useful discipline specific content on the most important social work practice roles in mental health The book articulates how roles often associated with working with a specific population e g those who abuse substances persons with severe mental illness distressed marital couples are quite relevant and useful in a much wider range of populations Handbook of Violence Lisa A. Rapp-Paglicci,Albert R. Roberts,John S. Wodarski,2002-03-29 This guide covers violence in multiple settings using a bio psycho social approach Important reading for anyone involved in preventing and managing violence in the home at school in the workplace or in the community **The Heart of Intimate Abuse** Linda G. Mills,1998-08-31 This startling analysis of violence within intimate relationships contends that every abusive relationship has paradoxically a heart of its own Practitioners must acknowledge and engage this dynamic emotional center in order for interventions to succeed The Heart of Intimate Abuse takes a broad critical view of standard responses to abuse by today s criminal justice social work and medical systems especially those that respond to violence with coercive interventions such as mandatory arrest prosecution and reporting laws Here is a bold vision of the core dynamics of abuse in families a vision that professionals can use to realize new policies and implement effective interventions that reach the heart of intimate abuse *Bibliographic Index* ,1997

Counseling Female Offenders and Victims Katherine S. Van Wormer,2001 **Journal of Social Casework** ,2006
Journal of Palliative Care ,2000 *Subject Guide to Books in Print* ,2001 **American Book Publishing Record** ,2007
Books In Print 2004-2005 Ed Bowker Staff,Staff Bowker, Ed,2004
