S. Madeley, 2019-07-15 This title was first published in 2003 This subject area of this work cross cuts conventional sub disciplinary boundaries in the study of comparative politics Connections between religion and politics can be identified in all of the thematic areas covered by the articles within **The Pursuit of Peace and the Crisis of Israeli Identity** D. Waxman, 2006-09-02 This book offers a theoretically informed analysis of the way in which Israeli national identity has shaped Israel's foreign policy By linking domestic identity politics to Israeli foreign policy it reveals how a crisis of Israeli identity inflamed the debate in Israel over the Oslo peace process *Israeli Identity* Lilly Weissbrod, 2014-05-22 This thoroughly researched book reveals the true identity of the modern Israeli Israelis are unique in having changed their identity three times in only one hundred years Written in a user friendly style the book will appeal to scholars and students of the Middle East **Gazelle Review of Literature on the Middle East**, 1981 **Forum on the Jewish People, Zionism, and Israel**, 1984 **Jewish Religious and Philosophical Ethics** Curtis Hutt, Halla Kim, Berel Lerner, 2017-10-16 Twentieth century continental thinkers such as Bergson Levinas and Jonas have brought fresh and renewed attentions to Jewish ethics yet it still remains fairly low profile in the Anglophone academic world This collection of critical essays brings together the work of established and up and coming scholars from Israel the United States and around the world on the topic of Jewish religious and philosophical ethics The chapters are broken into three main sections Rabbinitics Philosophy and Contemporary Challenges The authors address using a variety of research strategies the work of both major and lesser known figures in historical Jewish religious and philosophical traditions The book discusses a wide variety of topics related to Jewish ethics including ethics and the Mishnah Afro Jewish ethics Jewish historiographical ethics as well as the conceptual philosophical foundations of the law and virtues in the work of Martin Buber Hermann Cohen and Baruch Spinoza The volume closes with four contributions on present day frontiers in Jewish ethics As the first book to focus on the nature scope and ramifications of the Jewish ethics at work in religious and philosophical contexts this book will be of great interest to anyone studying Jewish Studies Philosophy and Religion *Capitalism and Class in the Middle East* Bryan S. antiterrorism stance that acknowledges the legacy of U S trade and foreign policy as well as the diversity of the Muslim faith and the dangers presented by fundamentalism of all kinds Examining the strengths and shortcomings of area race and gender studies in the search for understanding this issue considers cross cultural feminism as a means of combating terrorism racial profiling of Muslims in the context of other racist logics and the homogenization of dissent The issue includes poetry photographic work and an article by Judith Butler on the discursive space surrounding the attacks of September 11 This impressive range of contributions questions the meaning and implications of the events of September 11 and their aftermath Contributors Muneer Ahmad Meena Alexander Lopamudra Basu Judith Butler Zillah Eisenstein Stefano Harney Randy Martin Rosalind C Morris Fred Moten Sandrine Nicoletta Yigal Nizri Jasbir K Puar Amit S Rai Ella Shohat Ban Wang

The Empty Wagon Ya'akov Aharon Shapira, Zionism The untouchable topic Lack of knowledge has led to very confused ideas about religion even among the chareidim Even talmidei chachamim rabbonim and tzaddikim are not imbued with the proper understanding Sadly even in our own circles the mold for shaping public opinion lies in the hands of the state of Israel Regardless of how much we talk about Zionism and people listen and understand nevertheless in their hearts they still kiss the idol There are only a few groups left that do not follow after the Eigel But the rest of the chareidim travel on the train of Zionism These are some of the sentiments expressed by gedolei Yisroel specifically regarding Zionist hashkafos and the Torah community both now and in the past For those who find these statements more than a little disquieting for those who can accept that what many think are Torah hashkafos are actually their opposite and want to know the truth The Empty Wagon will open that door Jacket **Book Review Digest**, 1981 **Homeland or Holy Land?** James S.

Diamond, 1986-12-22 Profound demanding but lucid and well organized Diamond s book is a class act Choice sensitive magisterial study Macleans a great interest to serious readers St Louis Post Dispatch a superb piece of research empathetic yet clear headed evaluation But there is also wit elegance and personal passion on these scholarly pages The Jewish Spectator Homeland or Holy Land is the study of a man and a movement the man is Yonatan Ratosh Hebrew poet and thinker and the movement is Zionism the ideological foundation of the Jewish state Israel Important and provocative reading for anyone interested concerned or confused by the state of the state of Israel today *The Subject of Violence* Bat-Ami Bar On, 2002-04-23 The Subject of Violence is a critical investigation of violence and the subjectifying capacities It both relies on

and explores the work of Hannah Arendt At its background are feminist concerns but also concerns with violence that press against the feminist problematic and push its boundaries The book s main project is ethico political understanding and therefore it is also about finding an ethico political language for violence that escapes the standard idioms in which violence is spoken Weaving biographical fragments with theory the book addresses the very thinking of violence the possibility and implications of its comprehension genocide the Nazi Judeocide in particular and nationalism especially in its Zionist form as well as women s encounters with violence and second wave feminist engagement with the martial arts Commentary

,1980 *Israeli Identity in Transition* Anita Shapira,2004-10-30 The last 15 years have witnessed deep changes in Israeli society The naive solidarity of the early years of statehood has given way to more sophisticated approaches and the atmosphere of the 1990s was conducive towards critique and open discussion It was the age of the Oslo Accords of the large wave of immigrants from the Former Soviet Union economic growth and prosperity and a concurrent feeling of security and well being Israel was fast becoming a postcapitalist society a junior member of the global village This newly acquired self assurance led to openness towards unorthodox views on basic questions of Israeli identity The new mood found expression in the cultural climate and in the public debates The Zionist narrative in relation to the Palestinians the early troubled absorption of immigrants from Islamic countries the discrimination against the Arab Israeli minority the delay in the 1950s in incorporating the memory of the Holocaust into collective memory the Zionist attitude towards the Jewish Diaspora all these were issues on the cultural and intellectual agenda subjects of heated controversies This book attempts to come to grips with these themes The complex texture of Israeli society is drawn here by a number of hands presenting up to date approaches as viewed by experts **Race, Identity, and Representation in Education** Cameron McCarthy,2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company **Race, Identity, and Representation in Education** Warren Crichlow,2013-05-13 This stunning new edition retains the book s broad aims intended audience and multidisciplinary approach New chapters take into account the more current backdrop of globalization particularly events such as 9 11 and attendant developments that make a reconsideration of race relations in education quite urgent
