**The Crisis of Our Age** Pitirim Aleksandrovich Sorokin, 1956 Examines the crisis of modern society as it effects art and science philosophy and religion ethics and law      **The Crisis of Our Age** Pitirim Aleksandrovič Sorokin, 1946      Social and Cultural Dynamics Pitirim Sorokin, 2017-09-29 This classic work is a revised and abridged version in a single volume of the work which more than any other catapulted Pitirim Sorokin into being one of the most famed figures of twentieth century sociology Its original publication occurred before World War II This revised version written some twenty years later reflects a postwar environment Earlier than most Sorokin took the consequences of the breakdown of colonialism into account in discussing the renaissance of the great cultures of African and Asian civilization Other than perhaps F S C Northrop no individual better incorporated the new role of the Indian Chinese Japanese and Arabic peoples in this postwar world Sorokin came to view social and cultural dynamics in terms of three major processes a major shift of mankind s creative center from Europe to the Pacific a progressive disintegration of the sensate culture and finally the first blush of the emergence and growth of a new idealistic sociocultural order This volume is perhaps most famous for revealing Sorokin s remarkable efforts to understand the relationship of war and peace to the process of social and political change Contrary to received wisdom he shows that the magnitude and depth of war grows in periods of social cultural and territorial expansion by the nation In short war is just as often a function of development as it is of social decay This long unavailable volume remains one of the major touchstones by which we can judge efforts to create an international social science There are few areas of social or cultural life that are not covered from painting art and music to the ethos of universalism and particularism These are terms which Sorokin introduced into the literature long before the rise of functional doctrines For all those interested in cultural and historical processes this volume provides the essence of Sorokin s remarkably prescient effort to achieve sociological transcendence by takin      *The Crisis of Our Age* Pitirim Aleksandrovich Sorokin, 1942      The Crisis of Our Age Pitirim A. **Social and Cultural Dynamics** Emiliana Mangone, 2017-11-03 Marking the 50th anniversary of Pitirim A Sorokin s death this Brief offers a critical analysis of the renowned sociologist s theories while highlighting some of his more overlooked ones Topics explored include cultural dynamics the relationship between culture society and personality social mobility and the socio cultural causality of time and space In addition this book updates these theories by discussing their relevance in current cultural contexts The Brief aims to extend the work started by Sorokin on the promotion and application of integralism an approach that conceives the change of any sociocultural phenomena as the result of the combination of external and internal forces It uses this method to analyse socio cultural phenomena propose new policy and enhance the development of humanity from the point of view of culture This book also discusses sociology s relationship with other sciences In particular it touches upon the interplay between sociology and psychology and pushes for a new scientific

awareness that is transdisciplinary The end point is a new vision of humanity and its development from a cultural context Social and Cultural Dynamics will be of interest to social scientists sociologists and psychologists as well as professionals in these disciplines **The National Union Catalog, Pre-1956 Imprints** ,1968 The Crisis of Our Age. Pitirim A. Sorokin Barry V. Johnston,1995 Pitirim A Sorokin 1889 1968 was one of the most original important and controversial figures in American sociology His spectacular rise from a peasant childhood in Czarist Russia to the Olympian heights of Harvard University provides an unlikely and fascinating lens for examining the history of an entire discipline And as Barry Johnston shows his equally dramatic fall from favor and unexpected resurrection illuminate both Sorokin s life and the tempestuous world of academic politics An outspoken revolutionary and secretary to Alexander Kerensky Sorokin was imprisoned and ordered executed by Lenin then reprieved and exiled During the 1920s he flourished as a teacher and scholar at the University of Minnesota where he published several pioneering books on the Russian Revolution social mobility sociological theory and rural sociology Harvard president A Lawrence Lowell was so impressed that he recruited Sorokin to chair the university s first department of sociology From 1930 to 1944 the department prospered under Sorokin s leadership attracting an entire generation of young scholars who in their own right would have a profound impact on the discipline In this period Sorokin published several volumes of his magnum opus Social and Cultural Dynamics and became embroiled in a bitter battle with rival Talcott Parsons for control of the department Parsons ultimately deposed Sorokin and transformed sociology into the Department of Social Relations Sorokin nevertheless stayed on at Harvard where he established the Center for Creative Altruism but otherwise continued to work in relative obscurity Finally in 1963 after years in eclipse Sorokin was recognized for his accomplishments when he was elected president of the American Sociological Association During a long and distinguished career Sorokin amassed an amazingly diverse and substantial body of work much of which set the standard for the field At the same time he broke with the conventions of sociology frequently ridiculing and taunting his less adventurous colleagues For his heresy the flamboyant Sorokin was condemned and driven to the periphery of a profession anxious for legitimacy as a science As a result Sorokin s ideas have been consistently ignored and misunderstood for more than a quarter century Based on exhaustive research in Sorokin s papers and the Harvard archives as well as interviews with Sorokin s surviving family members former students and colleagues this biography restores Sorokin to his rightful place in the pantheon of American intellectuals *Marginal Aspects of Contemporary American Culture* Henry Winthrop,1972

The American Ecclesiastical Review Herman Joseph Heuser,1942 **The Slavonic Monthly** ,1941 The Political

Economy of Total War Georgetown University. School of Foreign Service,1942 **Union Catalog of the Graduate**

**Theological Union** Graduate Theological Union. Library,1972 **Peace Digest** ,1945 After Postmodernism Richard Allan Smith,Philip Wexler,1995 This book is a commentary on ideas about contemporary education how it is conducted and

how it is administered In a set of thematic essays the editors aim at clarifying the educational problems and paradoxes of postmodern educational conditions and theory The major concerns of the book are the possibility of achieving substantive political objectives and of theorizing such possibilities These concerns arise from a dissatisfaction with the organizational and political conditions of postmodern educational practice The seeming inability of academics to intervene in the public sector especially in matters of equality provides a driving force for the book For individuals who care about the future of education and its role in social reconstruction the pessimistic nature of postmodern theories of society and education is an additional impetus for the book All of the chapters exemplify the issues that confront lecturers in contemporary university teacher education contexts

**The Crisis of Our Age** Pitirim A. Sorokin, 1992-08-01 This is an analysis of the nature causes and consequences of the crisis of modern society Professor Sorokin asserts that the whole of modern culture is undergoing a period of transition brought on by the struggle between the forces of the largely outworn materialistic order and the emerging creative forces of a new idealistic order On the outcome of this struggle the author contends rests the progress and survival of mankind *Journal of Social Philosophy & Jurisprudence* ,1942
