Congdon Jr., 2025-11-13 This edited volume both provides and examines different ways of engaging with critical communication pedagogies in an age of crisis acceleration where crisis communication impacts social systems including political economic educational cultural and environmental systems Building

on the frameworks of critical communication pedagogy and critical social constructionist approaches to crisis communication contributors to this volume demonstrate the critical importance of communication in the higher education context a particularly ripe breeding ground for these crises Contributors address a broad range of topics relating to higher education divided into three major categories interpersonal and community crises social political and institutional crises and the development of pedagogical strategies and technologies in response to crises in order to provide a thorough well rounded examination that will be of interest to a widely interdisciplinary audience This book is not just about weathering crises it s about reimagining higher education as a space where crises become opportunities for transformative learning and systemic change

Lessons from the Pandemic Janice Carello,Phyllis Thompson,2021-11-03 This collection presents strategies for trauma informed teaching and learning in higher education during crisis While studies abound on trauma informed approaches for mental health service providers law enforcement nurses and K 12 educators strategies geared to college faculty staff and administrators are not readily available and are now in high demand This book joins a conversation in place about what COVID has taught us and how we are using what we have learned to construct a new discourse around teaching and learning during crisis

A Practical Guide for University Crisis Response Mark D. Lerner,Joseph S. Volpe,Brad Lindell,2003 This book provides a structure and process for effectively managing the wide spectrum of university based crises from the seemingly mundane to the most severe This guide recognizes that crisis response cannot be delegated solely to administrators and members of a Crisis Response Team Effective crisis management is the responsibility of all university personnel This publication introduces and incorporates a practical and effective strategy for addressing the emotional needs of people during traumatic events Acute Traumatic Stress Management ATSM

Post-Crisis Leadership Ralph A. Gigliotti,2024-11-15 Given the many pressures facing leaders across higher education the work of crisis leadership remains an imperative for leaders at all levels Attention tends to center on strategies for engaging in leadership both prior to and during crisis often leaving the post crisis period as an afterthought This book introduces a research informed framework for this critical and often neglected phase of crisis leadership With an underlying commitment to values based principle oriented and people centered practices this framework consists of five leadership practices that are recognized as especially critical in the aftermath of crisis a encourage learning b inspire growth c stimulate meaning making d pursue reinvention and e advance renewal Communication serves a critical role in each of the various dimensions of post crisis leadership and it is a communication orientation that can help to inform the paradoxes processes and patterns that arise during these periods of immense tension and at times transcendence
