Beyond Othering Debidatta Aurobinda Mahapatra, Seema Shekhawat, 2023-09-08 Mohandas K Gandhi opposed the 1947 partition of British India that created two independent states of India and Pakistan as he believed that partition politics rooted in the psychology of othering would turn South Asia into a near permanent conflict zone His apprehension was not without basis The psychology of othering that engendered partition continues to manifest itself in multiple ways including but not limited to interstate wars and communal violence It permeates not only politics at a higher level but also everyday life In exploring partition and post partition developments in South Asia in this interdisciplinary work Mahapatra and Shekhawat argue for a Gandhian approach to transform the conflict landscape in South Asia The authors illustrate how Gandhian principles of multicultural belonging and pluralism are key to resolving conflicts not just in South Asia but across the world Beyond Othering is a timely and relevant contribution to the discourse on conflict resolution making it essential reading for scholars policymakers and practitioners interested in peacebuilding in the region and beyond
