The Plays of Margaret Drabble José Francisco Fernández, 2019-01-11 Award winning British novelist Margaret

Drabble is renowned for her fiction stories that gave voice to the new woman of the 1960s and continue to illuminate the conflicting roles of women in the twenty first century Drabble's long affiliation with the theatrical world also inspired her to experiment with the dramatic form She wrote two plays one for television *Laura* 1964 and one for the stage *Bird of Paradise* 1969 Fernández's penetrating new critical edition makes both plays available for the first time giving Drabble fans a new vantage point from which to understand her work In *Laura* and *Bird of Paradise* Drabble mines the familiar territory of social class domestic life and questions of destiny which have been the hallmark of her writing As in her novels both plays reveal a deep curiosity about the world and a piercing commentary on the social issues of her time The volume's introduction and accompanying critical essays give valuable insight into the plays historical and social context and explore the artistic solutions that an accomplished author of fiction found when writing for the stage Offering a fascinating complement to Drabble's prodigious oeuvre this volume also provides a glimpse into a specific period in English letters one that shaped an influential generation of writers

British Women Writing Fiction Abby H.P. Werlock,2000-02-09 Original essays by American and British scholars offer a reader friendly introduction to the work of Angela Carter Doris Lessing and a dozen other British women writers British women in the second half of the 20th century have produced a body of work that is as diverse as it is entertaining This book offers an informal jargon free introduction to the fiction of sixteen contemporary writers either brought up or now living in England from Muriel Spark to Jeanette Winterson British Women Writing Fiction presents a balanced view comprising women writing since the 1950s and 1960s those who attracted critical attention during the 1970s and 1980s and those who have burst upon the literary scene more recently including African Caribbean and African women The essays show how all of these writers treat British subjects and themes sometimes from radically different perspectives and how those who are daughters of immigrants see themselves as women writing on the margins of society Abby Werlock s introduction explores the historical and aesthetic factors that have contributed to the genre showing how even those writers who began in a traditional vein have created experimental work The contributors provide complete bibliographies of each writer s works and selected bibliographies of criticism Exceptional both in its breadth of subjects covered and critical approaches taken this book provides essential background that will enable readers to appreciate the singular merits of each writer It offers an approach toward better understanding favorite authors and provides a way to become acquainted with new ones
