Critical Fable:

A Critical Fable Amy Lowell, 1922 **A Critical Fable** Amy Lowell, 2016-03-20 In 1847 a young man in Cambridge Mass named James Russell Lowell wrote a merry but wise skit called *A Fable for Critics* which hit off the literary lights of his day The first edition was issued anonymously Now somebody who seems at least familiar with Cambridge Mass has written *A Critical Fable* which pays Lowell the compliment of imitation even to the rhymed title page and hits off the poets of to day Lowell s *Fable* made considerable of a stir in its generation We wonder if this one will imitate it in that respect Lowell s made a stir because it had something pungent to say about Bryant and Longfellow and Emerson who built glorious temples but left never a doorway to get in a god and Whittier and Hawthorne and Cooper and Holmes and Irving and Lowell himself not to mention the then American trick of kowtowing to England and other matters of Some moment The 1922 *Fable* has something not quite so pungent to say about Robert Frost and Amy Lowell and Edwin Arlington Robinson and Carl Sandburg and Vachel Lindsay and certain other present day poets it omits all philosophers and other prose writers But we cannot help wondering whether it will reach the audience Lowell s did not because it is considerably less pungent less witty less wise but because probably Frost Robinson Fletcher Lindsay Sandburg Amy Lowell mean far less to the America of to day than Longfellow Irving Hawthorne Poe Holmes Whittier and Jimmie Lowell meant to the America of 1847 IS THAT because they are inferior as writers Or is it because we care less as a people for poetry Or is it because modern civilization has speeded up till there is a vast diversity of interests and one has to divide his excitement between poetry the coal strike and a balky carburetor A character in the new *Fable* is the ghost of Lowell himself wandering by the Charles River embankment where the author encounters him and tries to explain why the new generation prefers his great grandniece Amy to himself if she is his great grandniece and if they do Coming to the case of Robert Frost the author of the new *Fable* says some caustic things about the university which pays Frost a good salary to live on its campus and provide inspirational atmosphere He thinks this keeps Frost from creative work as apparently it does and so is to be deplored Well well one cannot help reflecting that James Russell Lowell was a professor at Harvard as well as a mere Ambassador to the Court of St James and yet managed to create a considerable body of tolerably effective literature including the Bigelow Papers and the Commemoration Ode One reflects that Longfellow was a professor in a college One reflects that Bryant edited a metropolitan newspaper One reflects that Holmes was a professor in a medical school One reflects that Emerson was a Lyceum lecturer in the days when barnstorming was no light task They didn t have to creep off into ivory towers to create They didn t want to What they wrote may not fit the needs of to day but it challenged their own generation certainly and it did so because they were intensely of their generation and big enough to forge their literature out of its active life They had size The Judge Vol 83 1922 The Fables of Avianus Edited with Prolegomena, Critical Apparatus, Commentary, Excursus, and Index Avianus, 1887 *A Comparative Study of A Fable for Critics, and A Critical Fable* Grace Lillian Dautremont, 1944 The Popular and Critical Bible Encyclopaedia and
