## Critical Perspectives On Native American Fiction:

**Critical Perspectives on Native American Fiction** Richard F. Fleck, 1997-01-01      **Critical Perspectives on Native American Fiction** Richard F. Fleck, 1997      *The Cambridge Companion to Native American Literature* Joy Porter, Kenneth M. Roemer, 2005-07-21 An informative and wide ranging overview of Native American literature from the 1770s to present day      *Toward a Native American Critical Theory* Elvira Pulitano, 2003-01-01 Unlike Western interpretations of Native American literatures and cultures in which external critical methodologies are imposed on Native texts ultimately silencing the primary voices of the texts themselves Pulitano's work examines critical material generated from within the Native contexts to propose a different approach to Native literature Pulitano argues that the distinctiveness of Native American critical theory can be found in its aggressive blending and reimagining of oral tradition and Native epistemologies on the written page a powerful complex mediation that can stand on its own yet effectively subsume and transform non Native critical theoretical strategies BOOK JACKET      *Literary Legacies, Folklore Foundations* Karen E. Beardslee, 2001 In this provocative study of eight novels Karen E Beardslee asserts that American writers often engage with folk traditions as a necessary part of their characters' journeys to wholeness Focusing not only on African American Native American and Hispanic American cultures but also on women's culture Beardslee traces the connections between folk legacies and the search for selfhood in both nineteenth and twentieth century works Within each chapter a novel by a contemporary author and one from an earlier period are brought together Whitney Otto's *How to Make an American Quilt* and Harriet Beecher Stowe's *The Minister's Wooing* David Bradley's *The Chaneyville Incident* and Charles Chesnutt's *The Conjure Woman* Leslie Marmon Silko's *Ceremony* and Zitkala-Sa's *American Indian Stories* and Roberta Fernandez's *Intaglio* and Maria Cristina Mena's *The Birth of the God of War* These pairings are not based on matters of intertextuality or influence but are chosen according to the folk groups to which the novels' characters belong This strategy enables Beardslee to trace the particular legacies that inform the work of the twentieth century authors As Beardslee notes contemporary texts and the critical commentary on them have focused until fairly recently on the search for self in male usually white characters Such works have also positioned that search outside the character's family or community and have usually emphasized its futility With the growing shift toward multiculturalism in fiction however folk traditions have come to play an increasingly crucial role in characters' journeys to self-awareness as well as in the success of those journeys Thoroughly researched and cogently argued this book makes a significant contribution to the study of both folklore and literature as it explores the relationship between knowing one's cultural heritage and achieving a sense of self that is whole instead of fragmented connected instead of drifting The Author Karen E Beardslee teaches in the Department of Language and Literature at Burlington County College in Pemberton New Jersey Her articles have appeared in MELUS The Encyclopedia of Folklore and Literature and the Zora Neale Hurston Forum      *Studies in American Indian Literatures*, 2008      *From the Center of Tradition* Barbara J.

Cook, 2003 Annotation Linda Hogan a Chickasaw poet novelist essayist playwright and activist is widely considered to be one of the most influential and provocative Native American figures on the contemporary literary landscape Although her work has been the focus of numerous essays and conference presentations until now there has not been a collection of critical essays based solely on her work This collection s ten unpublished essays and one interview with Hogan reflect the most current and productive critical commentary on Linda Hogan s texts Hogan writes about community and the traditional indigenous relationships to the land and its plants and animals The critical essays in *From the Center of Tradition* place Hogan s work at the heart of current discussions in American literature Rather than focus on a single facet of her writing nine scholars of Native American literature discuss the range of her work from several perspectives including ecocritical post colonial and feminist studies American Indian studies and narrative theory *From the Center of Tradition* suggests productive avenues of continued study for not only Hogan s body of work but also work by other Native American authors *From the Center of Tradition* presents new perspectives and a deeper understanding of Hogan s writing for scholars and students in American fiction Native American literature women s studies environmental literature as well as for readers of her novels nonfiction and poetry     *A Reader's Guide to the Novels of Louise Erdrich* Peter G. Beidler, Gay Barton, 2006 A revised and expanded comprehensive guide to the novels of Native American author Louise Erdrich from *Love Medicine* to *The Painted Drum* Includes chronologies genealogical charts complete dictionary of characters map and geographical details about settings and a glossary of all the Ojibwe words and phrases used in the novels Provided by publisher     **Native American Literature in Tribal Context** Margaret Ann Noori, 2001     *A Guide to Literary Criticism and Research* Bonnie Klomp Stevens, Larry L. Stewart, 1996 Like the first two editions of *A Guide to Literary Criticism and Research* this edition is based both on a recognition of a practical need felt in many literature courses and a view of literary study It attempts to meet the practical need by offering upper level students a condensed but adequate guide to the range of modern criticism and to basic methods of research In addition it is a hope that the book will give students a more comprehensive view of literary study by helping them to recognize criticism and research as two closely linked parts of a single process     **Native American Writers of the United States** Kenneth M. Roemer, 1997 Contains forty three alphabetically arranged essays that provide biographical and critical information about Indian authors from throughout history most of whom live or lived in the U S and who wrote or write primarily in English who have made significant contributions to the body of Native American literature     RQ. , 1994     **Western American Literature** , 2014     "Everything According to the First Guidance of the Spirits" Jane Haladay, 2004     **Alien Soil** Rachel Mieko Pouri Azima, 2008     **Beauty and the Critic** James Soderholm, 1997 This call to restore a sense of beauty to our culture will serve as a bellwether of the future of literary studies     *The Subversive Storyteller* Michelle Pacht, 2009 *The Subversive Storyteller* *The Short Story Cycle* and *the Politics of Identity in America* examines how nineteenth and twentieth century American authors adapted and expanded the short story cycle to convey

subversive or controversial ideas without alienating readers and threatening their ability to succeed within the literary marketplace The twelve authors highlighted here come from a wide range of cultural racial and geographic backgrounds Their texts represent different more advanced stages in the development of the short story cycle as each exploits the fragmentation and inherent lack of cohesion of the genre to reflect the changing realities of life in America during key moments in its history In tracing the development of the short story cycle through the first two centuries of America TM s literary tradition The Subversive Storyteller fills a gap in existing scholarship on the genre It examines how short story cycles by Washington Irving Nathaniel Hawthorne Sarah Orne Jewett Charles W Chesnutt Willa Cather Henry James Ernest Hemingway William Faulkner Flannery O TM Connor Raymond Carver Maxine Hong Kingston and Louise Erdrich are held together the publication history of each text the parts as well as the whole the revisions made by both authors and editors and the state of the literary profession at the time each was written      **Bibliographic Index** ,1997      Book Review Digest ,1996      *American Book Publishing Record* ,1997
