Critical Prose And Letters:

The Collected Critical Prose and Letters Osip Mandel'shtam, 1991 Osip Mandelstam was one of the major Russian poets of the twentieth century His first works were published before the October Revolution and after the Bolsheviks came to power although his reputation was high he was never fully in accord with the new literary establishment He was arrested in 1934 after reciting a poem denouncing Stalin and began the harrowing journey to his death recorded so movingly in his widow's memoirs *Hope Against Hope* and *Hope Abandoned* Mandelstam as well as being a poet was a brilliant critic and prose writer and this collection of autobiographical essays reviews and personal reflections embodies many of the same themes as his poetry the nature of history the continuity and yet fragility of cultural traditions and the value of poetry itself It is an essential volume for all admirers of Russian literature in general and the poetry of Mandelstam in particular **The**

Collected Critical Writings Geoffrey Hill, 2009 The Collected Critical Writings gathers more than forty years of Hill's published criticism in a revised final form and also adds much new work. It will serve as the canonical volume of criticism by Hill, the pre-eminent poet-critic whom A. N. Wilson has called probably the best writer alive in verse or in prose. In his criticism Hill ranges widely investigating both poets including Jonson, Dryden, Hopkins, Whitman, Eliot, and Yeats, and prose writers such as Tyndale, Clarendon, Hobbes, Burton, Emerson, and F. H. Bradley. He is also steeped in the historical context, political, poetic, and religious, of the writers he studies. Most importantly, he brings texts and contexts into new and telling relations, neither reducing texts to the circumstances of their utterance nor imagining that they can float free of them. A number of the essays have already established themselves as essential reading on particular subjects, such as his analysis of Vaughan's *The Night*, his discussion of Gurney's poetry, and his critical account of *The Oxford English Dictionary*. Others confront the problems of language and the nature of value directly, as in *Our Word is Our Bond*, *Language Suffering and Value*, and *Poetry and Value*. In all his criticism Hill reveals literature to be an essential arena of civic intelligence.
