P. Werlock, 2015-04-22 Praise for the print edition no other reference work on American fiction brings together such an array of authors and texts as this **The Critical Response to Ralph Ellison** Robert Butler, 2000-04-30 Ralph Ellison's literary career began in 1937 with the publication of his review of Waters Edward Turpin's *These Low Grounds* Over the next 15 years he published 10 short stories and 37 essays on literary cultural and political topics But when *Invisible Man* was published in 1952 Ellison received immediate acclaim from a wide variety of critics scholars and novelists While his novel emerged as a major work of African American literature it also engaged the European literary tradition and influenced an entire generation of post World War II writers Ellison is now one of the most studied African American writers and the posthumous publication of his second novel *Juneteenth* in 1999 has drawn even more attention to his contribution Through previously published reviews and essays and original material this book charts the response to Ellison's writings While the bulk of the volume focuses on *Invisible Man* the book also includes sections devoted to Ellison's short fiction and nonfiction as well as posthumous estimates of his work A chronology highlights the most important events in his life and career while an introductory essay overviews the broad trends in Ellison scholarship The volume concludes with a selected bibliography of primary and secondary works *Saul Bellow Journal*, 1997 *The Critical Response to Robert Lowell* Steven G. Axelrod, 1999-06-30 From the publication of his first major volume in 1946 *Lord Weary's Castle* to a few years before his death in 1977 Robert Lowell held sway as the premier English language poet of his time *Lord Weary's Castle*

seemed to push poetic language and cultural critique in exciting new directions yet they were directions sanctioned by the New Criticism of his time In 1959 Lowell's *Life Studies* dramatically broke the very traditions he had previously revitalized During the 1960s his works elaborated his new poetic mode and engaged with personal political and historical issues But with the 1973 publication of his poetic trilogy *History For Lizzie and Harriet* and *The Dolphin* his reputation suffered Though his final work the autobiographical *Day by Day* published shortly before his death in 1977 was favorably received critics continued to attack him in the decades that followed Thus Lowell's reputation as this volume makes clear has fluctuated and at the close of the twentieth century there is still no critical consensus about any aspect of his work This book provides a representative sample of the critical discourse concerning Lowell's poetry drama and prose and shows that discourse at its most varied and vital An introductory essay surveys the response to Lowell's writings The first three sections then track Lowell's volumes chronologically Most of his books receive one or two reviews followed by several scholarly essays arranged in the order of their publication Along with the reprinted articles are two essays written specifically for this volume The fourth section presents several broad overviews of Lowell and his works and an extensive bibliography of primary and secondary sources concludes the book The volume also contains an essay by Lowell himself in which he reflects on his career

conclude with a fully annotated bibliography *Critical Essays on Saul Bellow* Stanley Trachtenberg, 1979 **The Dream of the Great American Novel** Lawrence Buell, 2014-02-10 The idea of the great American novel continues to thrive almost as vigorously as in its nineteenth century heyday defying 150 years of attempts to dismiss it as amateurish or obsolete In this landmark book the first in many years to take in the whole sweep of national fiction Lawrence Buell reanimates this supposedly antiquated idea demonstrating that its history is a key to the dynamics of national literature and national identity itself The dream of the G A N as Henry James nicknamed it crystallized soon after the Civil War In fresh in depth readings of selected contenders from the 1850s onward in conversation with hundreds of other novels Buell delineates four scripts for G A N candidates One illustrated by *The Scarlet Letter* is the adaptation of the novel's story line by later writers often in ways that are contrary to the original author's own design Other aspirants including *The Great Gatsby* and *Invisible Man* engage the American Dream of remarkable transformation from humble origins A third script seen in *Uncle Tom's Cabin* and *Beloved* is the family saga that grapples with racial and other social divisions Finally mega novels from *Moby Dick* to *Gravity's Rainbow* feature assemblages of characters who dramatize in microcosm the promise and pitfalls of democracy The canvas of the great American novel is in constant motion reflecting revolutions in fictional fashion the changing face of authorship and the inseparability of high culture from popular As Buell reveals the elusive G A N showcases the myth of the United States as a nation perpetually under construction **The Critical Response to Erskine Caldwell** Robert McDonald, 1997-08-26 Author of such classics of 20th century popular American literature as *Tobacco Road* 1932 and *God's Little Acre* 1933 Erskine Caldwell was something of a celebrity nearly all his life But he was also a serious writer one whose merits are as considerable as they remain underexplored In the 1930s he startled the literary world with his frank portrayals of the poor whites of the South Beginning in the early 1940s critics grew suspicious that he had exhausted his originality and his talent In the late 1960s some scholars began an effort which continues intermittently today to reconsider Caldwell's achievement This collection of reviews critical essays and book excerpts provides a chronological portrait of the often contradictory and unfailingly colorful critical response to Caldwell from 1931 to the present The 57 pieces collected in this volume were chosen to represent all sides and perspectives in the evolving critical opinion of Caldwell's work The items are grouped in sections representing three chronological periods that encompass the prevailing critical moods concerning his writings the 1930s when readers of many persuasions found him promising and held out great hopes for his development 1940 to 1968 when increasing critical scrutiny led to his dismissal as a writer of significance and 1969 to the present when there have been several substantial efforts to reconsider Caldwell's achievement An introductory essay argues that Caldwell remains largely absent from our critical consciousness today because of a prevailing willingness among academics to rely on largely negative received opinions about his books in place of primary experience with them The introduction is followed by a chronology and the volume concludes with an extensive selected bibliography **The Critical Response** Dhupaty V.
