Teeuw,2013-04-17 In this book I have aimed at completeness in the sense that all publications known to me which are wholly or partly devoted to Malay and Bahasa Indonesia B I or are important for the study of these languages have been included Popular publications in non professional periodicals have been included only exceptionally All the publications mentioned in the text are incorporated in the Bibliography p 91 157 The countless articles in four post war semi professional periodicals in 1alaya and Indonesia Dewan Bahasa Pembina Bahasa Indonesia 11 1 edan Bahasa Bahasa dan Budaja are not mentioned separately in the Bibliography but sections 33 to 36 contain a survey as complete and systematic as possible of the contents of these periodicals in so far as they pertain to the Malay language nor have I discussed in the text or incorporated in the Bibliography several hundreds of titles of practical textbooks or school books of Malay or B I which are of no importance to the scientific study of these language These titles have been entered in a separate Appendix p 158 171 The fact that completeness was aimed at certainly does not mean that it has been achieved Especially various recent writings from Indonesia and Malaya may have escaped my attention Experience has also proved that publications on Malay sometimes appear in the most unexpected places The qualification above publications devoted to or impor tant for the study of Malay and B I has been taken in a wide sense **The New Cambridge Bibliography of English Literature** George Watson,Ian Roy Willison,1974 *Summer Sessions Information and Class Schedules Bulletin* University of Nebraska--Lincoln.
