Critical Evaluations Of Economic Development Policies:

Critical Evaluations of Economic Development Policies Laura Ann Reese, David Fasenfest, 2004 **Critical Evaluations of Economic Development Policies** Laura Ann Reese, David Fasenfest, 2004 This ground breaking text offers alternative models for critical evaluation of the values behind and the success of local level economic development policies The values that shape present day economic development policies are often not plainly expressed Critical Evaluations of Economic Development Policies shows how the use of nontraditional methods of evaluation can foreground the values that inform public policy and determine whether or not those values and the policies that arise from them are in the best interests of the community that adopts them The methodology defined in this book not only provides means for judging the success or failure of economic development programs but also offers tactics for judging how well policies address needs according to a community's own value system The essays in Critical Evaluations of Economic Development Policies establish critical models illustrate how such models may be applied and show how evaluations of a single program made from the perspectives of differing value systems lead to different conclusions about the success or failure of the program In doing so these essays demonstrate the crucial importance of continuing dialogue between those who make policies and those who assess them This dynamic collection proposes to stimulate discussion among scholars developers and urban administrators to build awareness of the ways to foster completely informed policies and evaluate their outcomes *Critical Pluralism, Democratic Performance, and Community Power* Paul Schumaker, 1991 Who governs is a central question in political science Typically political scientists address this question by relying upon either empirical analysis which explains existing political practices or normative analysis which describes ideal political practices **Measures of Economic Development** Bela Mukhoti, 1986 **Philippine Journal of Public Administration**, 1961 *A Critical Evaluation of the Wage Theories and Wage Policies of the Chicago School* Louis A. Dow, 1960 *Dissertation Abstracts International*, 1977 **Foreign Language Index** Public Affairs Information Service, 1990 *International Labour Documentation*, 1997 *Leading Issues in South African Microeconomics*, 1992 **Rural Development Abstracts**, 1986 **A Critical Analysis of the Poverty Reduction Strategy Papers (PRSPs): The case of Kenya**, 2003 **Socialism; a Critical Analysis** Oscar Douglas Skelton, 1911 *A Critical Analysis of the Poverty Reduction Strategy Papers (PRSPs): The case of Rwanda*, 2003 *An Economics Textbook for Africa* Ann Willcox Seidman, 1972 **Economic Policy Revolution and Industrialization in Latin America** Pedro C. M. Teichert, 1959 **Evaluation Country Development Policies and Programs** Robert Picciotto, Ray C. Rist, 1995-10-02 This issue of New Directions for Evaluation deals with the special evaluation problems of programs in the developing world Over the last two decades the framework of economic and social development policy and practice has been transformed This is due in part to evaluation lessons which have helped to shape the new development priorities toward sustainability participation and institutional development In turn evaluation must deal with the

consequences of a more demanding agenda a more fractured development constituency and a vastly more complex set of analytical questions This publication presents the views of development policy makers practitioners and evaluators on the kinds of adjustments needed in the approaches instruments and processes used by development evaluators The chapters were discussed in draft form at a Conference on Evaluation and Development hosted by the world Bank in Washington D C in December 1994 The resulting collection offers a consistent framework for further debate and proposes new emphases for development evaluation This is the 67th issue in the journal series New Directions for Evaluation For more information on the series please see the Journals and Periodicals page **Books in Series** ,1985 Vols for 1980 issued in three parts Series Authors and Titles **Bulletin** University of Colorado Boulder,1962 **URU Catalogue** United Nations Conference on Trade and Development.
