Transnational Narratives in Englishes of Exile Catalina Florina Florescu, Sheng-mei Ma, 2017-11-15 Monolingual monolithic English is an issue of the past In this collection by using cinema poetry art and novels we demonstrate that English has become the heteroglossic language of immigration Englishes of exile By appropriating its plural form we pay respect to all those who have been improving standard English thus proving that one may be born in a language as well as give birth to a language or add to it one's own version The story of the immigrant refugee exile expatriate is everybody's story and without migration we could not evolve our human race
