Critical Realism And The New Testament Princeton Theological Monograph Series 17:

Jesus and Time Ma'afu Palu, 2012-05-03 This study examines Jesus' conception of time focusing on the proclamation in Mark 1:15 'Time is fulfilled and the Kingdom is near'.

Historiography and Hermeneutics in Jesus Studies Donald L. Denton, 2004-05-27 This work identifies two distinct methodological approaches in Jesus studies as represented by the work of two prominent historical Jesus scholars: Dominic Crossan and Ben Meyer. Crossan's work is the apotheosis of a venerable approach centered on tradition criticism; Meyer offered a critique of this approach in the form of a historiographic holism. This work brings Meyer's proposals to light in a sharp comparison with the historiographic assumptions he criticized. It goes beyond Meyer recognizing the full significance of narrativity in historical method.

A History of the Quests for the Historical Jesus, Volume 1 Colin Brown, Craig A. Evans, 2022-11-08 A comprehensive two-volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today's biblical and theological scholarship. Jesus' life and teaching is important to every question we ask about what we believe and why we believe it. And yet there has never been common agreement about his identity, intentions, or teachings even among first-century historians and scholars. Throughout history, different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage, creating a labyrinth of conflicting ideas. From the evolution of orthodoxy and quests before Albert Schweitzer's famous Old Quest to today's ongoing questions about criteria, methods, and sources, *A History of the Quests for the Historical Jesus* not only chronicles the developments but lays the groundwork for the way forward. The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject, assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical, sociological, and theological underpinnings. Instead of seeking a bedrock of facts, Brown stresses the role of hermeneutics in formulating questions and seeking answers. Colin Brown was almost finished with the manuscript at the time of his passing in 2019. Brought to its final form by Craig A. Evans, this book promises to become the definitive history and assessment of the quests for the historical Jesus. Volume One covers the period from the beginnings of Christianity to the end of World War II; Volume Two, sold separately, covers the period from the post-war era through contemporary debates.

God as Father in Paul Abera M. Mengestu, 2013-08-28 *God as Father in Paul* explores Paul's use of the kinship term 'Father' to refer to God along with related familial terms: children of God and Christ followers as brothers and sisters, as part of a study of the use of kinship language in the identity formation of early Christianity. Mengestu argues that these kinship terms are shared modes of identity constructions within the wider textual and cultural settings: the Roman Empire, the Roman Stoic philosophers, the Hebrew Bible, and ancient Jewish literature from which Paul draws on, as well as contests. Employing theoretical kinship and social identity theory as well as interpretative approaches: imperial, critical, and narrative approaches to Paul, he contends that Paul uses 'God as Father' consistently, strategically, and purposefully in both stable and crisis.

, 1992 **Exploring Early Christian Identity** Bengt Holmberg, 2008 The main point of emphasis in the book is that approaching the Christian movement's early history through investigating its identity helps us to understand how the followers of Jesus developed from an intra Jewish messianic renewal movement into a new religion with a major Gentile membership and major differences from its Jewish matrix all in only a hundred years Identity is not simply a collection of beliefs that was agreed upon by many first century Christians It is embedded or rather embodied in real life as participation in the founding myths narrativized memory of and accepted teaching on Jesus in cults and rituals as well as in ethical teaching and behavioral norms crystallized into social relations and institutions This is a dynamic feedback process full of conflicts and difficulties both internal and caused by the surrounding society and culture The authors explore different aspects of identity such as how the Gospels narrativization of the social memory shapes and is shaped by the identity of the groups from which they emerge how labels such as Jewish and Christian should and should not be understood the identity forming role of behavioral norms in letters and the interplay between competing leadership ideals and the underlying unity of different Christian groups They also show that identity formation is not necessarily related to innovation in moral teaching nor averse to making use of ancient conventions of masculinity with their emphasis on dominance *Interpretacija Svetega Pisma* Jože Krašovec, 1998
