Critical Theory And The Literary Canon:

Critical Theory And The Literary Canon E. Dean Kolbas, 2018-03-09 Kolbas stakes out new territory in assessing the war over literary canon formation a subject that contemporary polemicists have devoted much ink to Throughout this succinct manuscript Kolbas ranges through the sociology and politics of culture aesthetic theory and literary theory to develop his point that texts not only must should be situated in the historical and material conditions of their production but also evaluated for their very real aesthetic content One reason the is an important issue Kolbas contends is that the canon is not simply enclosed in the ivory tower of academia its effects are apparent in a much wider field of cultural production and use He begins by critiquing the conservative humanist and liberal pluralist positions on the canon which either assiduously avoid any sociological explanation of the canon or treat texts as stand ins for particular ideologies Kolbas is sympathetic to the arguments of Bourdieu et al regarding positioning the canon in a wider field of cultural production than the university but argues that theirs are purely sociological explanations of aesthetics i e there is no objective aesthetic content that ignore art s autonomous realm which he argues a la Adorno exists if only problematically Ultimately he argues that critical theory particularly the arguments of Adorno on aesthetics offers the most fruitful path for evaluating the canon despite the approach s clear flaws His vision is a sociological one but one that treats the components of the canon as possessing objective aesthetic content albeit content that shifts in meaning over history Critical Theory & the Literary Canon ,

Willi Goetschel, 2019-02-21 Heinrich Heine's role in the formation of Critical Theory has been systematically overlooked in the course of the successful appropriation of his thought by Marx Nietzsche Freud and the legacy they left in particular for Adorno Benjamin and the Frankfurt School This book examines the critical connections that led Adorno to call for a reappraisal of Heine in a 1948 essay that published posthumously remains under examined Tracing Heine's Jewish difference and its liberating comedy of irreverence in the thought of the Frankfurt School the book situates the project of Critical Theory in the tradition of a praxis of critique which Heine elevates to the art of public controversy Heine's bold linking of aesthetics and political concerns anticipates the critical paradigm assumed by Benjamin and Adorno Reading Critical Theory with Heine recovers a forgotten voice that has theoretically critical significance for the formation of the Frankfurt School With Heine the project of Critical Theory can be understood as the sustained effort to advance the emancipation of the affects and the senses at the heart of a theoretical vision that recognizes pleasure as the liberating force in the fight for freedom **Critical Theory Today**
