Criticism Of Oral Rhetoric:

Criticism of Oral Rhetoric Carroll C. Arnold, 1974 *Encyclopedia of Contemporary Literary Theory* Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture *Rhetoric and Discourse in Supreme Court Oral Arguments* Ryan A. Malphurs, 2013 While legal scholars psychologists and political scientists commonly voice their skepticism over the influence oral arguments have on the Court s voting pattern this book offers a contrarian position focused on close scrutiny of the justices communication within oral arguments Malphurs examines the rhetoric discourse and subsequent decision making within the oral arguments for significant Supreme Court cases visiting their potential power and danger and revealing the rich dynamic nature of the justices interactions among themselves and the advocates In addition to offering advancements in scholars understanding of oral arguments this study introduces Sensemaking as an alternative to rational decision making in Supreme Court arguments suggesting a new model of judicial decision making to account for the communication within oral arguments that underscores a glaring irony surrounding the bulk of related research the willingness of scholars to criticize oral arguments but their unwillingness to study this communication With the growing accessibility of the Court s oral arguments and the inevitable introduction of television cameras in the courtroom this book offers new theoretical and methodological perspectives at a time when scholars across the fields of communication law psychology and political science will direct even greater attention and scrutiny toward the Supreme Court **Oral and Manuscript Culture in the Bible** J. A. Loubser, 2007-03-01 Drawing on a wide range of scholarship dealing with the properties and function of the materialities of the oral and scribal arts as well as oral scribal interfaces the author unfolds before our eyes and makes manifest to our ears a world of communications in which there are

no original texts let alone original speech where manuscripts are written to be remembered and read out aloud where scribal products exhibit both a metonymic and a polyvalent quality **Critical Literacy and Urban Youth** Ernest

Morrell,2015-07-22 *Critical Literacy and Urban Youth* offers an interrogation of critical theory developed from the author's work with young people in classrooms neighborhoods and institutions of power Through cases an articulated process and a theory of literacy education and social change Morrell extends the conversation among literacy educators about what constitutes critical literacy while also examining implications for practice in secondary and postsecondary American educational contexts This book is distinguished by its weaving together of theory and practice Morrell begins by arguing for a broader definition of the critical in critical literacy one that encapsulates the entire Western philosophical tradition as well as several important Othered traditions ranging from postcolonialism to the African American tradition Next he looks at four cases of critical literacy pedagogy with urban youth teaching popular culture in a high school English classroom conducting community based critical research engaging in cyber activism and doing critical media literacy education Lastly he returns to theory first considering two areas of critical literacy pedagogy that are still relatively unexplored the importance of critical reading and writing in constituting and reconstituting the self and critical writing that is not just about coming to a critical understanding of the world but that plays an explicit and self referential role in changing the world Morrell concludes by outlining a grounded theory of critical literacy pedagogy and considering its implications for literacy research teacher education classroom practice and advocacy work for social change *Literary Criticism and the Oral Narrative* Kathleen E.

B. Manley,1979 **Methods of Rhetorical Criticism** Bernard L. Brock,1980 **Letter Hermeneutics in 2 Corinthians** Eve-Marie Becker,2004-11-15 Having presented a brief history of research on 2 Corinthians Eve Marie Becker outlines the process of Paul's communication with the Corinthian community and considers letter production and letter reception at the time She develops a literary historical model for reconstructing the original separate letters 1 1 7 4 7 5 16 8 9 10 13 which were later compiled to form the canonical letter She defines by means of linguistics and communication theory the central theoretical elements for Pauline letter hermeneutics There is a thorough exegesis of those parts of 2 Corinthians in which Paul formulates aspects of his hermeneutics based on the theory of letter hermeneutics and on the results of the literary historical reconstruction of the original form of 2 Corinthians There is also an examination of the reception and interpretation of 2 Corinthians in the early church This is volume 279 in the *Journal for the Study of the New Testament Supplement* series

Modern Rhetorical Criticism Roderick P. Hart,1997 A comprehensive and up to date introduction to the analysis of public rhetoric this book illustrates for readers how to examine and interpret rhetorical situations ideas arguments structure and style The book covers a wide range of critical techniques from cultural and dramatic analysis to feminist and Marxist approaches A wealth of original criticism demonstrates how to analyze such diverse forms as junk mail congressional debates and traffic regulations as well as literature Amazon.com **The Practice of Rhetorical Criticism** James Robertson

Andrews,1990 Explorations in Rhetorical Criticism Charles J. Stewart,Donovan J. Ochs,1973 In this first volume of original essays on rhetorical criticism to appear in many years the authors stress active engagement in the critical process Bearing in mind the complaint frequently leveled at rhetorical criticism that method as method has taken precedence over understanding and appreciation the editors encouraged innovation and the contributors responded by moving beyond the merely theoretical to explore implications through implied criticism participating in the activity rather than merely talking about it Consequently these essays avoid further lamentation over the current state of the art and concentrate instead on constructive presentations Not only do the essays add significantly to knowledge about rhetorical criticism but they also serve liberal education by helping to bring understanding discrimination and appreciation to the entire process of human communication **The Role of Rhetoric in the Downfall of Margaret Thatcher** Anita Elliott,1992 **An Extended Criticism of Contemporary Television Commercials as Prologue to a Rhetoric of Television** William Lawrence Haynes,1982 **An Analysis of the Rhetorical Dialogue of Charles W. Whalen, Jr., in Ohio's Third Congressional District** Patricia Louise Lynch,1976 **A Rhetorical Analysis of Communication in Marriage Counseling Sessions** Barbara Freida Sharf,1976 Critiques of Contemporary Rhetoric Karlyn Kohrs Campbell,Thomas R. Burkholder,1997 This book covers criticism of the persuasion that surrounds us in daily life speeches at political conventions editorials in newspapers essays in magazines of opinion debates in Congress state legislatures and political campaigns and all of the efforts by which protesters and reformers justify their views The authors focus attention on responding intelligently to this rhetoric They view rhetorical criticism not as a matter of being critical or of attacking rhetoric but rather as the process of analysis interpretation and evaluation of persuasive uses of language Oral Performance and the Veil of Text Ben F. van Veen,2024-01-26 It is common opinion in biblical scholarship that the biblical documents functioned in a sociocultural context dominated by the spoken word Detextification is the result of addressing the complex relation between this formally acknowledged functioning in its original oral delivery and the daily praxis of biblical scholarship in which these documents function as autonomous texts in an ever expanding universe of texts The argument in this book is that in addition to acknowledging the difference in media oral performance there and then versus reading text here and now it is crucial to differentiate and explicate the mindsets behind these media A literate reader in the present structures thought vis a vis text differently from someone intensively formed by oral aural communication in the moment of exposure to a performing orator The latter perspective was Paul s in the process of his letter composition Therefore this is a leading question in detextification How can a contemporary biblical scholar relate to the text of Paul s letters in such a way as to understand how the apostle envisioned his original addressees structuring their thoughts during the event of a letter s oral aural delivery Two test cases are provided from the Letter to the Galatians Gal 2 3 **Rhetoric, Argument, and Communication** Gloria M. Boone,Edward J. Harris,1985 **The Study of Rhetoric in the College Course** John Franklin Genung,1887
