## **Cromwell And Communism:**

Cromwell and Communism Eduard Bernstein, 2023-04-17 *Cromwell and Communism 1930* examines the English revolution against the absolute monarchy of Charles I. It looks at the economic and social conditions prevailing at the time, the first beginnings of dissent and the religious and political aims of the Parliamentary side in the revolution and subsequent civil war. The various sects are examined including the Levellers and their democratic, atheistic and communistic ideals.

Cromwell & Communism Eduard Bernstein, 1969      **Cromwell and Communism** Eduard Bernstein, 1930      *Cromwell [and] Communism* Eduard Bernstein (Théoricien du socialisme, Allemagne), 1963      *Cromwell & communism* Eduard Bernstein, 1969      **Cromwell & Communism, Etc** Eduard BERNSTEIN, 1963      The Putney Debates of 1647 Michael Mendle, 2001-08-27 In the autumn of 1647 soldiers and officers of Oliver Cromwell's New Model Army held discussions near London on the constitution and future of England. Would there be a king and lords or not? Would suffrage be limited to property holders? Would democratic changes lead to anarchy? Three generations of scholars examine the debates in their multiple contexts: the debates themselves, the nature and history of the text that has come down to us, the army's immediate concerns, the role of Leveller and other democratic ideas, the wider ramifications for politics and gender, and the place of the debates and the Levellers in later historical consciousness. The debates receive here their most sustained and varied scrutiny, resulting in a much richer appreciation of the very words reported to have been spoken by Oliver Cromwell, Henry Ireton, Thomas Rainborough and the others during those three tense and exhilarating days.      **The Christian Origins of Social**

**Revolt** William Dale Morris, 2021-09-05 This book, first published in 1949, analyses the thread of Christian anti-authority thought that runs through protests and revolts from the first days of Christianity to modern times. It examines social protests of the Middle Ages through to the Reformation and the Peasant War of Germany, the English Civil War, Christian Socialists and fascism and bolshevism. It presents a clear case for the role of Christianity in social unorthodoxies, protests and revolts.

**Utopia and the Ideal Society** J. C. Davis, 1983-07-28 This text provides a major study for all those working in the fields of 16th and 17th century political and social thought.      Routledge Library Editions: Political Protest Various, 2022-07-30 This 26 volume set is a wide-ranging time and subject spanning examination of the phenomenon of political protest. What drives people to take to the streets and how do their governments respond? These questions and many more are analysed in areas as varied as sixteenth century German peasant uprisings, revolutionary Russians at the Paris Commune, women protesting nuclear weapons at Greenham Common, and the role Christianity played in protests across the ages. An impressive reference resource, this set also looks at the policing of protests and official responses to them.      *Annual Bulletin of Historical Literature*, 1927      *Winstanley* Olivier Lutaud, 1976-01-01 T00:00:00+01:00 Cet ouvrage est une réédition numérique d'un livre paru au XXe siècle, désormais indisponible dans son format d'origine.      *The Times Literary Supplement* Men and Women in Revolution and *Index, 1902-1939*, 1978      **Revolutions and Revolutionists** Robert Blackey, 1982
