## **Crone Oracles Initiates Guide To The Ancient Mysteries:**

**The Crone Oracles** Victoria Ransom, Henrietta Bernstein, 1994 THE CRONE ORACLES is the initiate's guide to the Ancient Mysteries. The Crone talks to us of our past to the hazy memories in the history of the goddess way. She also reveals information about initiation cycles using sexuality for enlightenment evolution in feminine masculine initiations and more.

Sophia Caitlín Matthews, 2013-09-20 Anyone interested in the feminine face of God throughout the ages will find Sophia an illuminating experience. Caitlin Matthews' scholarship connects us to past, present and future in the very depths of our femininity. Marion Woodman, Jungian analyst and author of *Bone Dying into Life*, Sophia or wisdom in Greek has been revered in many forms throughout history from the Dark Goddess of ancient Anatolia to her Egyptian, Greek, Celtic and Cabalistic manifestations to her current forms as Mary and the orthodox St. Sophia. In the Gnostic Gospel of Thomas, Sophia sits with God until the creation. Then she falls into matter and becomes manifest in every atom permeating all things like the sparks that run through charcoal, as Matthews says. While God is out there, the Goddess is in here, the mother wit of practical inspiration and compassion at the heart's core. This definitive work comprehensively establishes a realistic Goddess theology for Westerners in the twenty-first century, grounding spirituality in daily life and the natural world, learning to work playfully and play seriously, ending the gender war to enjoy sacred marriage.

**Ecocritical Menopause** Nicole Anae, 2024-07-08 *Ecocritical Menopause: Women Literature Environment* The Change is the first volume of its kind to bring together cross-sectional ecofeminist voices privileging women's menopausal positionality within literary works. This collection reexamines menopause across the disciplinary fields of ecofeminism and ecocriticism as clearly the most neglected phase of the menstrual cycle and aims to develop a critical discourse in counterpoint to the persistent cultural and critical legacies that sustain underrating women in midlife. In highlighting selected literary representations of female being in transition, this volume includes exploration of the core motifs mediating the fashioning of menopausal women including biology, the body, body shaming, climacterium, hysteria, the crone/hag figure, femininity, gender identity, reproduction, sexlessness and asexuality. Reexamination of historical cultural biases that continue to perpetuate a devaluation of women after menopause such as ageism, degeneration, loss of fertility and myths of essentialism, patriarchy and hegemony, social taboos, the medicalization of menopause and cultural menophobia. Analysis of literature genres in which we find portraits of peri/post menopause subjectivity such as autofiction, crime fiction, detective fiction, folktales, frame tale, fiction, mystery, poetry, short story and the whodunit.
