Vanity Karma Jayadvaita Swami, 2015-08-01 What is life for What may give it meaning Does it have any meaning at all A sage in ancient Israel brooded over these questions In ancient India too such questions drove a despairing warrior to seek answers from his divine friend Krishna The thoughts of the sage became the wisdom book Ecclesiastes those of Krishna the Bhagavad g t Their wisdom speaks to our deepest concerns In Vanity Karma wisdom meets wisdom as these two perennial classics come together both offering us profound understanding And a deep and authentic spiritual understanding we may find can infuse our lives with meaning and with joy Vanity Karma brings you on a journey through the full text of Ecclesiastes a journey illuminated by traditional biblical scholarship insights from the Bhagavad g t a dash of autobiography and a steady spiritual focus

This Is Epistemology J. Adam Carter, Clayton Littlejohn, 2021-05-04 What is knowledge Why is it valuable How much of it do we have if any at all and what ways of thinking are good ways to use to get more of it These are just a few questions that are asked in epistemology roughly the philosophical theory of knowledge This is Epistemology is a comprehensive introduction to the philosophical study of the nature origin and scope of human knowledge Exploring both classic debates and contemporary issues in epistemology this rigorous yet accessible textbook provides readers with the foundation necessary to start doing epistemology Organized around 11 key subtopics and assuming no prior knowledge of the subject this volume exposes readers to diverse often contentious perspectives guiding readers through crucial debates including Hume s problem of induction Descartes engagement with radical skepticism rationalist and empiricist evaluations of a priori justification and many more The authors avoid complex technical terms and jargon in favor of an easy to follow informal

The Fifth Narrative Benjamin Katz, 2004-05 This book was written for bright brave and curious people who wish to become farsighted to find other meanings and necessities beyond our recent Grand Tales Religion Pessimism Capitalism and Science The Fifth Narrative is about our emergence out of our dung beetle state It reveals our unawareness that the dungballs which currently sustain us Grand Narratives constrain our ability to be farsighted thus endangering our future evolution It tells how human folly in our time seems more than ever to confound these grand stories and their bearing meaning It explains why a new grand Narrative is necessary in order to survive and prevail And why a new psychology encompassing areas like global ecology demography resources and politics is of impending necessity The book deals with the emergence of a new civilization through technology and farsighted knowledge which will form and guide our further evolution Its essential message is Let us become wiser ascending Icarus rising beyond our limiting schemes and perspectives
