Cross Culture and Faith Linfu Dong,2005-01-01 In Cross Culture and Faith Linfu Dong sheds new light on the modern encounter between China and the West through Menzies s life work and thought Chinese Annals in the Western Observatory Edward Shaughnessy,2019-11-18 Since the beginning of the twentieth century hundreds of thousands of documents of all sorts have been unearthed in China opening whole new fields of study and transforming our modern understanding of ancient China While these discoveries have necessarily taken place in China Western scholars have also contributed to the study of these documents throughout this entire period This book provides a comprehensive survey of the contributions of these Western scholars to the field of Chinese paleography and especially to study of oracle bone inscriptions bronze and stone inscriptions and manuscripts written on bamboo and silk Each of these topics is provided with a comprehensive narrative history of studies by Western scholars as well as an exhaustive bibliography and biographies of important scholars in the field It is also supplied with a list of Chinese translations of these studies as well as a complete index of authors and their works Whether the reader is interested in the history of ancient China ancient Chinese paleographic documents or just in the history of the study of China as it has developed in the West this book provides one of the most complete accounts available to date Christianity and Education in Modern China Wong Man Kong,George Kam Wah Mak,2024-12-11 In Christianity and Education in Modern China Wong Man Kong George Kam Wah Mak and other contributors demonstrate how Christianity served as a driving force in the development of modern education in China Each of the chapters offers new insights into Christian involvement in different issues concerning education in modern China The contributors examine how Christian missionaries and Chinese Christian educators interacted with China s social cultural and political contexts Also explored are the Christian legacies of higher education in mainland China and Taiwan as well as how the spirit of Christian higher education in modern China has been carried on in Asia This volume suggests that Western missionary and Chinese Christian perspectives of higher education were complementary with each other in modern China Timely and informative Christianity and Education in Modern China tells the stories of less known Christian educators development experts and researchers who indigenized global knowledge and skills to address Chinese problems Its masterful narratives and analytical details highlight the transformative influence of Christianity on Chinese educational sphere Joseph Tse Hei Lee Pace University in New York Rich and broad this interdisciplinary volume holds a prism to Protestant Christian higher education in modern China Extending also to the Hong Kong and Taiwan regions its twelve chapters offer many new insights across the whole spectrum of educational activity in Chinese society in the twentieth century A rewarding read Ryan Dunch University of Alberta **Canadian Missionaries, Indigenous Peoples** Alvyn Austin,Jamie S. Scott,2005-01-01 Christian missions and missionaries have had a distinctive role in Canada s cultural history With Canadian Missionaries Indigenous Peoples Alvyn Austin and Jamie S Scott have brought together new and established Canadian scholars to examine

the encounters between Christian Roman Catholic and Protestant missionaries and the indigenous peoples with whom they worked in nineteenth and twentieth century domestic and overseas missions This tightly integrated collection is divided into three sections The first contains essays on missionaries and converts in western Canada and in the arctic The essays in the second section investigate various facets of the Canadian missionary presence and its legacy in east Asia India and Africa The third section examines the motives and methods of missionaries as important contributors to Canadian museum holdings of artefacts from Huronia Kahnawaga and Alaska as well as China and the South Pacific Broadly adopting a postcolonial perspective Canadian Missionaries Indigenous Peoples contributes greatly to the understanding of missionaries not only as purveyors of western religious values but also as vehicles for cultural exchange between Native and non Native Canadians as well as between Canadians and the indigenous peoples of other countries

China Interrupted Sonya Grypma, 2012-08-15

China Interrupted is the story of the richly interwoven lives of Canadian missionaries and their China born children mishkids whose lives and mission were irreversibly altered by their internment as enemy aliens of Japan from 1941 to 1945 Over three hundred Canadians were among the 13 000 civilians interned by the Japanese in China *China Interrupted* explores the experiences of a small community of Canadian missionaries who worked in Japanese occupied China and were profoundly affected by Canada's entry into the Pacific War It critically examines the fading years of the missionary movement beginning with the perspective of Betty Gale and other mishkid nurses whose childhood socialization in China decision to return during wartime choice to stay in occupied regions against consular advice and response to four years of internment reflect the resilience fragility and eventual demise of the China missions as a whole *China Interrupted* provides insight into the many ways in which health care efforts in wartime China extended out of the tight knit missionary community that had been established there decades earlier Urging readers past a thesis of missions as a tool of imperialism it offers a more nuanced way of thinking about the relationships among people institutions and nations during one of the most important intercultural experiments in Canada's history

The China Collectors Karl E. Meyer, Shareen Blair Brysac, 2025-06-25 Thanks to Salem sea captains Gilded Age millionaires curators on horseback and missionaries gone native North American museums now possess the greatest collections of Chinese art outside of East Asia itself How did it happen *The China Collectors* is the first full account of a century long treasure hunt in China from the Opium Wars and the Boxer Rebellion to Mao Zedong's 1949 ascent The principal gatherers are mostly little known and defy invention They included foreign devils who braved desert sandstorms bandits and local warlords in acquiring significant works Adventurous curators like Langdon Warner a forebear of Indiana Jones argued that the caves of Dunhuang were already threatened by vandals thereby justifying the removal of frescoes and sculptures Other Americans include George Kates an alumnus of Harvard Oxford and Hollywood who fell in love with Ming furniture The Chinese were divided between dealers who profited from the artworks removal and scholars who sought to protect their country's patrimony Duanfang the greatest Chinese collector of his era was beheaded in a coup and

his splendid bronzes now adorn major museums Others in this rich tapestry include Charles Lang Freer an enlightened Detroit entrepreneur two generations of Rockefellers and Avery Brundage the imperious Olympian and Arthur Sackler the grand acquirer No less important are two museum directors Cleveland's Sherman Lee and Kansas City's Laurence Sickman who challenged the East Coast's hegemony Shareen Blair Brysac and Karl E Meyer even handedly consider whether ancient treasures were looted or salvaged and whether it was morally acceptable to spirit hitherto inaccessible objects westward where they could be studied and preserved by trained museum personnel And how should the US and Canada and their museums respond now that China has the means and will to reclaim its missing patrimony
