## **Cross Examining Socrates A Defense Of The Interlocutors In Platos Early Dialogues:**

**Cross-Examining Socrates** John Beversluis, 2000-01-06 This book is a rereading of Plato's early dialogues from the point of view of the characters with whom Socrates engages in debate. Socrates' interlocutors are generally acknowledged to play important dialectical and dramatic roles but no previous book has focused mainly on them. Existing studies are thoroughly dismissive of the interlocutors and reduce them to the status of mere mouthpieces for views which are hopelessly confused or demonstrably false. This book takes interlocutors seriously and treats them as genuine intellectual opponents whose views are often more defensible than commentators have standardly thought. The author's purpose is not to summarise their positions or the arguments of the dialogues in which they appear, much less to produce a series of biographical sketches, but to investigate the phenomenology of philosophical disputation as it manifests itself in the early dialogues. *The Structure of Enquiry in Plato's Early Dialogues* Vasilis Politis, 2015-05-28 Offers an alternative interpretation and defends a radically new view of Plato's method of argument in the early dialogues.

## **Socratic, Platonic and Aristotelian Studies:**

**Essays in Honor of Gerasimos Santas** Georgios Anagnostopoulos, 2011-08-12 This volume contains outstanding studies by some of the best scholars in ancient Greek Philosophy on key topics in Socratic, Platonic and Aristotelian thought. These studies provide rigorous analyses of arguments and texts and often advance original interpretations. The essays in the volume range over a number of central themes in ancient philosophy such as Socratic and Platonic conceptions of philosophical method, the Socratic paradoxes, Plato's view on justice, the nature of Platonic Forms, especially the Form of the Good, Aristotle's views on the faculties of the soul, Aristotle's functionalist account of the human good, Socratic, Platonic and Aristotelian views on the nature of desire and its object. The volume will be of interest to students and scholars of ancient philosophy and classics.

**Oxford Studies in Ancient Philosophy** David Sedley, 2001-05 Oxford Studies in Ancient Philosophy is a volume of original articles on all aspects of ancient philosophy. The articles may be of substantial length and include critical notices of major books. Aristotle studies are represented particularly strongly in this issue, the first of 2001, standard reading among specialists in ancient philosophy. Brad Inwood, Bryn Mawr Classical Review.

*Plato's Euthyphro, Apology, and Crito* Rachana Kamtekar, 2004-11-26 Plato's Euthyphro, Apology and Crito portray Socrates' words and deeds during his trial for disbelieving in the Gods of Athens and corrupting the Athenian youth and constitute a defense of the man Socrates and of his way of life, the philosophic life. The twelve essays in the volume, written by leading classical philosophers, investigate various aspects of these works of Plato, including the significance of Plato's characters, Socrates' revolutionary religious ideas and the relationship between historical events and Plato's texts. Readers will find their appreciation of Plato's works greatly enriched by these essays.

**The Oxford Handbook of Plato** Gail Fine, 2008-08-13 Plato is the best known and continues to be the most widely studied of all the ancient Greek philosophers. The twenty-one commissioned articles in The Oxford Handbook of Plato provide in depth and up to date discussions of a variety of topics and dialogues. The result is a useful state

of the art reference to the man many consider the most important philosophical thinker in history Each article is an original contribution from a leading scholar and they all serve several functions at once they survey the lay of the land express and develop the authors own views and situate those views within a range of alternatives This Handbook contains chapters on metaphysics epistemology love language ethics politics art and education Individual chapters are devoted to each of the following dialogues the Republic Parmenides Theaetetus Sophist Timaeus and Philebus There are also chapters on Plato and the dialogue form on Plato in his time and place on the history of the Platonic corpus on Aristotle s criticism of Plato and on Plato and Platonism *The Socratic Method in the Dialogues of Cicero* Robert Gorman, 2005 Recent scholarship has explored the complex heritage of Socrates in the Hellenistic traditions Cicero claimed to be one of the rare genuine heirs of Socrates method of inquiry by question and answer This study takes Cicero s claims seriously and sharpens our understanding of Cicero s beliefs about proper philosophical discourse Focusing on the passages in which Socratic conversation is displayed the investigation reveals striking continuities with and surprising differences from the paradigm of the Socratic Method as presented by Plato Even the perpetuae orationes that made up the bulk of Cicero s dialogues were thoroughly informed by his analysis of the strengths of the method At the same time Cicero identified weaknesses beyond its well known rhetorical ineffectiveness Significantly serious criticism of Socratic dialectic is offered from the Stoic point of view Assessment of that method as the Socratic inheritance of the Stoa and New Academy must accordingly be nuanced

*American Journal of Philology* Charles William Emil Miller, Benjamin Dean Meritt, Tenney Frank, Harold Fredrik Cherniss, Henry Thompson Rowell, 2000 Each number includes Reviews and book notices *Dialectic in Action* Michael C. Stokes, 2005 Plato s Crito examines a single moral decision whether Socrates ought to escape from his death cell Stokes book discusses Socrates arguments against Crito s offer of escape It construes Socrates questions as genuine questions which clarify and undermine Crito s positions Stokes s approach avoids the documentary fallacy it shows how Plato catered for both the novice and the experienced reader of his published works This book offers a fresh account of Socrates whole strategy It demonstrates both the shakiness of Socrates persuasion of the un philosophical Crito to engage in dialectic and the coherence of his substantive confutation Plato s reasoning emerges from Stokes study with more credit than many have given it International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences, 2002 Apeiron, 2002 **Phronesis** Donald James Allan, Joseph Bright Skemp, 2006 Phronesis is a journal for the study of ancient Greek and Roman thought ancient philosophy psychology metaphysics epistemology and the philosophy of science and medicine from its origins down to the end of the sixth century A D **The Philosophy of Communication** Kōnstantinos Iōannou Voudourēs, John Poulakos, 2002 **Philosophical Inquiry**, 2009 **The Review of Metaphysics**, 2000 **The Journal of Philosophy**, 2000 **Polis, the Journal for Ancient Greek Political Thought**, 2005 **Euripides and Tragic Theatre in the Late Fifth Century** Martin Cropp, Kevin Hargreaves Lee, David

Sansone,2000      *American Book Publishing Record* R.R. Bowker Company,1978      **Platonic Patterns** Holger Thesleff,2009 Platonic Patterns is a reprint collection of many of Holger Thesleff s studies in Plato spanning from 1967 to 2003 It includes three books four articles and a new introduction by the author which sets the general outline of his interpretation of Plato Whereas much of the scholarship on Plato has tended to operate within the frame of one language and or a single school of thought Thesleff constructively combines several discoveries and theories philosophical philological and historical of various scholars with his own research focusing on how Plato can be understood in his own context The work represents small but significant breakthroughs in research on Plato from an internationally inclusive standpoint Having previously been published mainly in Finland by scholarly societies availability outside the Nordic countries has up until now been minimal Thesleff employs his singular expertise of Greek language and literature to make innovative contributions to the study and interpretation of Plato He thematically stresses the significance of the less overt elements found in Plato s dialogues such as Plato s use of humor and his linguistic expression while taking into account the chronology and or the intended audience
