## **Cross On The Sword Catholic Chaplains In The Forces:**

*The Cross on the Sword* Tom Johnstone, James Hagerty, 1996 This work charts the contribution made by Catholic chaplains to the life of the British armed forces during conflicts of the last 200 years The book covers experiences of chaplains in each of the three forces and includes stories of their different adventures *Irish Officers in the British Forces, 1922-45* Steven O'Connor, 2014-03-25 Irish Officers in the British forces 1922 45 looks at the reasons why young Irish people took the king s commission including the family tradition the school influence and the employment motive It explores their subsequent experiences in the forces and the responses in independent Ireland to the continuation of this British military connection **Religion on the Battlefield** Ron E. Hassner, 2016-05-18 How does religion shape the modern battlefield Ron E Hassner proposes that religion acts as a force multiplier both enabling and constraining military operations This is true not only for religiously radicalized fighters but also for professional soldiers In the last century religion has influenced modern militaries in the timing of attacks the selection of targets for assault the zeal with which units execute their mission and the ability of individual soldiers to face the challenge of war Religious ideas have not provided the reasons why conventional militaries fight but religious practices have influenced their ability to do so effectively In Religion on the Battlefield Hassner focuses on the everyday practice of religion in a military context the prayers rituals fasts and feasts of the religious practitioners who make up the bulk of the adversaries in bystanders to and observers of armed conflicts To show that religious practices have influenced battlefield decision making Hassner draws most of his examples from major wars involving Western militaries They include British soldiers in the trenches of World War I U S pilots in World War II and U S Marines in Iraq and Afghanistan Hassner shows that even modern rational and bureaucratized military organizations have taken and must take religious practice into account in the conduct of war *Bully Beef & Balderdash* Graham Wilson, 2012-03-15 The Australian Imperial Force first raised in 1914 for overseas war service became better known by its initials the AIF There was a distinct character to those who enlisted in the earliest months and who were destined to fight on Gallipoli During the war the AIF took its place among the great armies of the world on some of history s oldest battlefields The Australians would attack at the Dardanelles enter Jerusalem and Damascus defend Amiens and Ypres and swagger through the streets of Cairo Paris and London with their distinctive slouch hats and comparative wealth of six shillings per day However the legend of the AIF is shrouded in myth and mystery Was Beersheba the last great cavalry charge in history Did the AIF storm the red light district of Cairo and burn it to ground while fighting running battles with the military police Was the AIF the only all volunteer army of World War I Graham Wilson s *Bully Beef and Balderdash* shines an unforgiving light on these and other well known myths of the AIF in World War I arguing that these spectacular legends simply serve to diminish the hard won reputation of the AIF as a fighting force Graham Wilson mounts his own campaign to rehabilitate the historical reputation of the force and to demonstrate that misleading and inaccurate embellishment does nothing but hide the

true story of Australia's World War I fighting army Bully Beef and Balderdash deliberately tilts at some well loved windmills and for those who cherish the mythical story of the AIF this will not be comfortable reading Yet given the extraordinary truth of the AIF's history it is certainly compelling reading     The Irish College, Rome, and Its World Albert McDonnell, 2008 An Irish College was established in Rome in 1628 in order to prepare priests for the Irish mission As part of an elaborate network of such colleges across the continent the Irish College was always more than a seminary it served as an embassy and focus of Irish Catholic interests in Rome and remained such until the 20th century when Ireland established formal diplomatic relations with the Holy See This collection illustrates that dual role based upon the archival holdings of the College it presents an insight into the history of the Irish College and its complex world     **The Cross and the Trenches** Richard Schweitzer, 2003-05-30 Drawing on the testimony of over 500 British and American soldiers the author provides an in depth account of topics such as soldiers prayers and biblical readings as well as religious doubts     **Journal of the Society for Army Historical Research** Society for Army Historical Research (London, England), 2007     Recusant History , 2005 A journal of research in Post Reformation Catholic history in the British Isles     **The Moynihan Brothers in Peace and War, 1908-1918** Deirdre McMahon, 2004 The book comprises correspondence between two brothers Michael and John Moynihan who came from a prominent political family in Tralee Co Kerry It covers the period 1909-18 during which Michael attended university in Dublin joined the Inland Revenue moved to London became a Territorial volunteer with the Civil Service Rifles in March 1914 fought in the Great War and was killed in June 1918 just five months before the Armistice The letters between Michael and John are unpredictable and encyclopaedic in their range of reference They cover such topics as Kerry Irish and international politics religion and church state relations unionism the Irish language the Easter Rising the trial of Roger Casement and conscription Last but by no means least the correspondence after March 1914 increasingly reflects Michael's preoccupation with his military life and training the progress of the war and life at the front The correspondence provides a vivid portrait of two young men and their family growing to maturity in one of the most significant decades in twentieth century Ireland The family was politically prominent in their native Tralee but was to achieve national importance in the decades after independence with John and his younger brother Maurice being appointed in succession as Secretary to the Government     *Irish Men and Women in the Second World War* Richard Doherty, 1999 The story of Irish involvement in the Second World War is one that has been in danger of being overlooked This book seeks to ensure that the role of Irish men and women in the forces of Great Britain Australia United States and other Allied nations is not forgotten Using a variety of sources including personal interviews published material and archives in Britain Ireland the USA and Australia the author outlines the achievements of Irish soldiers sailors and airmen in many theatres of war     **Irish Volunteers in the Second World War** Richard Doherty, 2002 This volume describes the contributions of Irish volunteers during WWII Doherty's affiliation not cited recounts the experiences of infantry soldiers sailors with the merchant marine
