Crossed Over A Murder A Memoir:

Crossed Over Beverly Lowry, 2002-01-08 The novelist Beverly Lowry was mourning her son's death in a hit and run accident when she came across a newspaper story about Karla Faye Tucker the infamous Houston murderer who was then on death row The article captured Tucker's innocent beauty the stunning brutality of her crimes committed with a pickaxe and the stories of her spiritual awakening on death row Struck by these apparent contradictions Lowry found herself inexplicably drawn to Tucker who some ten years later would become the first woman to be executed in Texas since 1863 Lowry eventually began to visit Tucker in prison and over the course of several years she listened to the tragic story of her life before the murders and in turn told Karla Faye about her own life and the life and death of her son Peter *Crossed Over* is a memoir of this time a moving account of an unlikely but profound and genuine friendship created in the confines of a visiting room on death row Now with a new foreword that recounts Tucker's last days and Lowry's experiences at her execution

memory of finding and telling the truth and of disclosing one's deepest self. It explores the craft and purpose of personal narrative by looking in detail at more than a dozen examples by writers such as Mary Karr, Frank McCourt, Dave Eggers, Elizabeth Wurtzel, Mark Doty, Nuala O Faolain, Rick Bragg, and Joseph Lelyveld to show what they reveal about themselves. Larson also opens up his own writing and that of his students to demonstrate the hidden mechanics of the writing process. For both the interested reader of memoir and the writer wrestling with the craft, *The Memoir and the Memoirist* provides guidance and insight into the many facets of this provocative and popular art form.

The Spectacle of Death Kristin Boudreau, 2006-04-04 In 1787 Benjamin Rush cautioned that public punishments were dangerous to the social and legal authority of the new nation. For Rush, irrepressible human sentiments all but guaranteed that public punishments would turn spectators against the institutions responsible for the punishments. Although public executions of criminals ended early in the 19th century, debate over the morality of capital punishment has continued to this day. In this unique and fascinating glimpse into public reactions to prominent executions from colonial times to the 1990s, Kristin Boudreau focuses on the central role of populist, often ephemeral literary forms in shaping attitudes toward capital punishment. Surveying popular poems, ballads, plays, and novels, she shows that at key times of social unrest in American history, many Americans have felt excluded by the political and legal processes and have turned instead to inexpensive literary forms of expression in an attempt to change the course of history. Among the significant capital cases that the author discusses are the Haymarket anarchist trial of 1886, the lynching of Leo Frank in 1914, the murder of Emmett Till in 1955 and its effects on the Civil Rights movement, Norman Mailer's treatment of the Gary Gilmore case in the 1979 novel *The Executioner's Song*, and the 1998 execution of Karla Faye Tucker, a convicted murderer who became a born-again Christian on death row. In the concluding chapter, Boudreau examines contemporary writers, musicians, actors, and other artists who are using their artistic media to influence official policies of states that permit capital punishment. By examining these neglected texts, Boudreau brings to light a compelling story about ordinary Americans fighting an entrenched legal system at times of great national crisis.

Excerpts from Crossed Over Beverly Lowry, 1992 *At the Cross* Melynda J. Price, 2015 Curing systemic inequalities in the criminal justice system is the unfinished business of the Civil Rights movement. *At the Cross* tells a story of the relationship between the death penalty and race in American politics and how the legal and political impact of this form of punishment move beyond individual black defendants to larger numbers of African Americans.
