Dimensions Of Detective Fiction:

Dimensions of Detective Fiction Larry N. Landrum, 1976 **American Mystery and Detective Novels** Larry Landrum, 1999-05-30 Mystery and detective novels are popular fictional genres within Western literature. As such, they provide a wealth of information about popular art and culture. When the genre develops within various cultures, it adopts and proceeds to dominate native expressions and imagery. American mystery and detective novels appeared in the late nineteenth century. This reference provides a selective guide to the important criticism of American mystery and detective novels and presents general features of the genre and its historical development over the past two centuries. Critical approaches covered in the volume include story as game, images, myth, criticism, formalism, and structuralism, psychoanalysis, Marxism, and more. Comparisons with related genres such as gothic suspense, gangster, and postmodern novels illustrate similarities and differences important to the understanding of the unique components of mystery and detective fiction. The guide is divided into five major sections: a brief history, related genres, criticism, authors, and reference. This organization accounts for the literary history and types of novels stemming from the mystery and detective genre. A chronology provides a helpful overview of the development and transformation of the genre. *Hrsg.*, 1976 Crime Fiction as World Literature David Damrosch, Louise Nilsson, Theo D'haen, 2017-02-23 The first book to treat crime fiction in its full global, intercultural, and plurilingual dimensions, taking the genre seriously as a participant in the international sphere of world literature. **Critical Survey of Mystery and Detective Fiction: Pot-Z** Frank Northen Magill, 1988 Presents critical studies of more than 270 authors of detective and mystery fiction from around the world, dating from the mid-eighteenth century to the present day.

The Oxford Dictionary of Literary Terms Chris Baldick, 2008-03-20 The best-selling Oxford Dictionary of Literary Terms, formerly the Concise dictionary, provides clear, concise, and often witty definitions of the most troublesome literary terms, from abjection to zeugma. It is an essential reference tool for students of literature in any language. It is now available in a new and expanded edition and includes increased coverage of new terms from modern critical and theoretical movements such as feminism and schools of American poetry, Spanish verse forms, life writing, and crime fiction. It includes extensive coverage of traditional drama, versification, rhetoric, and literary history, as well as updated and extended advice on recommended further reading and a pronunciation guide to more than 200 terms. New to this edition are recommended entry-level web links, updated via the Dictionary of Literary Terms companion website. **American Novel Explication, 1969-1980**, 2000 Covers criticism of American novels found in journals and books published between the years 1991 and 1995. *The Concise Oxford Dictionary of Literary Terms*, 1996 **Crime, Detective, Espionage, Mystery, and Thriller Fiction and Film** David Skene-Melvin, Ann Skene Melvin, 1980-12-19 Product information not available. **The Short Fiction of Rudolph Fisher** Rudolph Fisher, 1987-06-23 Despite the fact that a number of Rudolph Fisher's works appeared in national magazines such as *Atlantic Monthly* and *McClure's*, little critical attention has been devoted to his short fiction over the years. This

collection brings together for the first time fifteen of Fisher's general adult stories detective stories and his stories for children accompanied by an introduction brief biography and a chronology of his published work The introductory essay explores the short story as a genre and examines Fisher's place in American short fiction **Critical Survey of Mystery and Detective Fiction: D-Hi** Frank Northen Magill,1988 Presents critical studies of more than 270 authors of detective and mystery fiction from around the world dating from the mid eighteenth century to the present day *The Oxford Companion to Twentieth-century Literature in English* Jenny Stringer,1996 Survey of twentieth century English language writers and writing from around the world celebrating all major genres with entries on literary movements periodicals more than 400 individual works and articles on approximately 2 400 authors **Encyclopedia of Nordic Crime Fiction** Mitzi M. Brundsale,2016-04-27 Since the late 1960s the novels of Sjowall and Wahloo's Martin Beck detective series along with the works of Henning Mankell Hakan Nesser and Stieg Larsson have sparked an explosion of Nordic crime fiction grim police procedurals treating urgent sociopolitical issues affecting the contemporary world Steeped in noir techniques and viewpoints many of these novels are reaching international audiences through film and television adaptations This reference guide introduces the world of Nordic crime fiction to English speaking readers Caught between the demands of conscience and societal strictures the detectives in these stories like the heroes of Norse mythology know that they and their world must perish but fight on regardless of cost At a time of bleak eventualities Nordic crime fiction interprets the bitter end as a celebration of the indomitable human spirit **Twentieth-century Literary Criticism** Gale Research Company,1986 Excerpts from criticism of the works of novelists poets playwrights and other creative writers 1900 1960 **The International Sherlock Holmes** Ronald Burt De Waal,1980 *J.B. Priestley's Fiction* Holger Klein,2002 With around thirty novels J B Priestley is a major twentieth century novelist His reputation as a dramatist essayist and general man of letters has tended to obscure his solid and highly interesting achievement as a novelist This monograph is the first to be wholly devoted to Priestley's novels and short stories organised in large groups determined by theme and attitude while not neglecting his narrative technique The middle decades of the twentieth century which he has helped to shape come alive in this tracing of their fictional recreation by Priestley Contents Introduction Escape People and work The past and the present Shades of gothic Dimensions of crime Visions and fantasies Rebellion and commitment Subversion and disengagement Retrospect lines of development **The Armchair Detective** ,1984 **Nelson Chesman & Co.'s Newspaper Rate Book, Including a Catalogue of Newspapers and Periodicals in the United States, Canada, Cuba, Porto Rico, Philippine Islands and Hawaiian Islands** ,1921 *West Coast Review of Books* ,1979 **Bulletin of the Public Library of the City of Boston** Boston Public Library,1923
