H. Kim, 1995 Collection of papers presented at the Third Annual Meeting of FOIM Fellowship of Indian Missiologists held in Bangalore from 26th 28th August 1994      The Churchman ,1901      *Let Jesus Heal Your Hidden Wounds* Brad Long, Cindy Strickler, 2001-10-01 Most people get hurt and suffer painful memories as a result of living in an imperfect world But God's original plan for humanity included spiritual emotional physical and relational wholeness Through the example of Jesus who heals from the inside out readers will learn how to experience this wholeness and assist in the healing of others *Let Jesus Heal Your Hidden Wounds* speaks to the individual who wants to be or already is involved in healing ministry This is not another technique for doing healing but a description of how the prayer minister cooperates with the Holy Spirit to bring healing and deliverance to people with hidden wounds Each chapter includes several questions for use in a Bible study setting or to provoke further personal reflection Those called to healing ministries will be taken to a new level of understanding and greater effectiveness from reading and studying this book And those with hidden wounds will find new hope for restoration and freedom      **New Dictionary of Theology: Historical and Systematic (Second Edition)** ,2016-04-21 Since its first publication in 1988 the New Dictionary of Theology has been widely appreciated by students and readers as a trustworthy and informative guide After almost thirty years however there are many new writers issues and themes on the agenda for theology does not stand still Hence this completely revised second edition includes over 400 new articles in the full set of over 800 Many of the original articles have been expanded and updated and almost all have additional bibliographical references Since material on biblical theology is now covered at length in IVP's New Dictionary of Biblical Theology this volume is therefore more specifically a dictionary of historical and systematic theology The New Dictionary of Theology Historical and Systematic has an international team of contributors and many are acknowledged experts in their fields The Dictionary combines excellence in scholarship with a high standard of clarity and insight into current theological issues yet it avoids being unduly technical Students teachers and ministers as well as scholars and everyone seeking a better understanding of theology will value it as an indispensable reference work The volume is enhanced by a spacious and clear design an extensive and easy to use cross reference system and bibliographies which feature the best and most readily available works in English      *Doctoral Dissertations on Ecumenical Themes* World Council of Churches, 1977      **Dimensions of Character** Ernest Mayfield Ligon, 1956      **The Church's Healing Ministry** David

Atkinson,2013-01-07 This new exploration from a leading Christian ethicist considers healing s many different dimensions from the biblical notion of health and wholeness to physical healing emotional health and counselling social justice and environmental health     A Healing Ministry Catholic Health Corporation,1988     **Health Progress** ,2009     **Jesus as Healer** Jan-Olav Henriksen ,Karl Olav Sandnes ,2016 Healings and miracles play a prominent role in the New Testament accounts of Jesus life and ministry In the Western Christian tradition however Jesus works of healing tend to be downplayed and understood as little more than a demonstration of his divine power In this book Jan Olav Henriksen and Karl Olav Sandnes draw on both contemporary systematic theology and New Testament scholarship to challenge and investigate the reasons for that oversight They constructively consider what it can mean for Christian theology today to understand Jesus as a healer to embrace fully the embodied character of the Christian faith and to recognize the many ways in which God can still be seen to have a healing presence in the world     **Journal of the Christian Medical Association of India** Christian Medical Association of India,1973 Vols for 1962 1973 include Nursing news no 180 189 prepared by the Association s Nursing Auxilliary     **The Cumulative Book Index** ,1995 A world list of books in the English language     **The Spirit Dimension in African Christianity** Silas S. Ncozana,2002 Much of Africa was transformed into a Christian continent within a few generations changing profoundly the nature of the continent s religion but the spirits of the old religions did not necessarily disappear Spirit possession and spirit affliction cults often institutionalised in African religions are still common in many societies also those which are now predominantly Christian Silas Ncozana s work sets out to explore the implications of spirit possession for the Tumbuka people the largest ethnic group in the North of Malawi about ten percent of the overall population many of whom converted to Christianity in the latter part of the nineteenth century He considers both the functions of traditional spirit cults and the Christian Holy Spirit describing how the Tumbuka moved away from possession in a traditional sense to possession with a Christian understanding of spirit and how these people built traditional cultural expression into a new culture The author then outlines the implications of these shifts for pastoral care     *The Human Dimension of Catechetics* Alfred McBride,1969     Missionalia ,2008     **The Social Dimension of Christian Missions in the Middle East** Dr. Norbert Friedrich,Uwe Kaminsky,Roland Löffler,2010 Christian missions in the Middle East were and still are a highly sensitive topic For a number of academics they have destroyed indigenous cultures and are nothing else than the religious wing of imperialism A new development in historiography gives a different interpretation Missions seem to have strongly contributed to the development of social work healthcare education and science in certain regions of the world sometimes even implementing basic social infrastructure that has been neglected by local rulers for decades or centuries In particular the missions in the Middle East have exhibited a strong social dimension Thus one could even speak of a specific trademark for conversions hardly took place in the house of Islam and also among Jews during the 19th and 20th century This volumne brings together some of the essential papers of a conference dealing with questions of cultural religious and

social history in this field of research It contributes to the historiography of Christian missions welfare organisations as well as of Christian Churches in the Middle East The book challenges the predominantly eurocentric depiction of the history of Christianity by juxtaposing a transnational reading of Christian activism in the Orient
