Dinarchus Hyperides And Lycurgus:

Dinarchus, Hyperides, and Lycurgus ,2010-07-22 This is the fifth volume in the Oratory of Classical Greece This series presents all of the surviving speeches from the late fifth and fourth centuries B C in new translations prepared by classical scholars who are at the forefront of the discipline These translations are especially designed for the needs and interests of today s undergraduates Greekless scholars in other disciplines and the general public Classical oratory is an invaluable resource for the study of ancient Greek life and culture The speeches offer evidence on Greek moral views social and economic conditions political and social ideology law and legal procedure and other aspects of Athenian culture that have been largely ignored women and family life slavery and religion to name just a few This volume combines the surviving speeches of three orators who stand at the end of the classical period Dinarchus was not an Athenian but he was called on to write speeches in connection with a corruption scandal the Harpalus affair that put an end to the career of Demosthenes His speeches thus raise many of the vital issues surrounding the Macedonian conquest of Athens and the final years of Athenian democracy Hyperides was an important public figure who was involved in many of the events described by Dinarchus and Lycurgus His speeches open a window into many interesting facets of Athenian life Lycurgus was one of the leading politicians in Athens during the reign of Alexander the Great and put Athenian public finances on a more secure footing He was also a deeply religious man who tried to revive Athenian patriotism after the crushing defeat at Chaeronea Lycurgus, Demades, Dinarchus, Hyperides Lycurgus (Atheniensis.),Demades (Atheniensis.),Dinarchus (Orator.),Hyperides,1962

The resulting text will be found to be rather more conservative than that of the Teubner editions. Though the accompanying notes are necessarily brief, my aim has been to include in them all the important variations in the manuscript tradition and to account for all departures from it. I hope that in cases where my choice of reading may seem questionable the notes will throw sufficient light on the passage to enable the reader to judge it for himself.

Greek Rhetoric of the 4th Century BC Evangelos Alexiou, 2020-06-08. The interaction between orator and audience, the passions and distrust held by many concerning the predominance of one individual but also the individual's struggle as an advisor and political leader: these are the quintessential elements of 4th-century rhetoric. As an individual, the orator draws strength from his audience, while the rhetorical texts mirror his own thoughts and those of his audience as part of a two-way relationship in which individuality meets, opposes, and identifies with the masses. For the first time, this volume systematically compares minor orators with the major figures of rhetoric: Demosthenes and Isocrates, taking into account other findings as well, such as extracts of Hyperides from the Archimedes Palimpsest. Moreover, this book provides insight into the controversy surrounding the art of discourse in the rhetorical texts of Anaximenes, Aristotle, and especially of Isocrates, who took up a clear stance against the philosophy of the 4th century.
