Debus,2013-03-25 From the first illustrated edition of Jules Verne s Journey to the Center of the Earth in 1867 dinosaurs and prehistory have fascinated readers Writers would time and again come back to dinosaurs as an element of fantastic fiction often using these creatures through the venue of the written word to reflect the world of the writers own time This literary survey examines how paleoliterature originated developed and matured to the present day Also discussed are the ways in which dinosaur fiction mirrors contemporary ideas about subjects such as geology the Cold War environmentalism time travel evolution and bioengineering Featured authors include Ray Bradbury H G Wells and Poul Anderson among others In select cases the novelizations of movie scripts are also examined An appendix provides brief summaries of deserving dinosaur texts **Utopian and Dystopian Writing for Children and Young Adults** Carrie Hintz,Elaine Ostry,2013-10-11 This

volume examines a variety of utopian writing for children from the 18th century to the present day defining and exploring this new genre in the field of children s literature The original essays discuss thematic conventions and present detailed case studies of individual works All address the pedagogical implications of work that challenges children to grapple with questions of perfect or wildly imperfect social organizations and their own autonomy The book includes interviews with creative writers and the first bibliography of utopian fiction for children **Encyclopedia of Cryptozoology** Michael Newton,2016-10-05 On every continent and in every nation animals unrecognized by modern science are reported on a daily basis People passionately pursue these creatures the name given to their field of study is cryptozoology Coined in the 1950s the term literally means the science of hidden animals When the International Society of Cryptozoology ISC was formed in 1982 the founders declared that the branch of science is also concerned with the possible existence of known animals in areas where they are not supposed to occur either now or in the past as well as the unknown persistence of presumed extinct animals to the present time or to the recent past what makes an animal of interest to cryptology is that it is unexpected This reference work presents a flesh and blood view of cryptozoology Here 2 744 entries are listed the majority of which each

describe one specific creature or type of creature Other entries cover 742 places where unnamed cryptids are said to appear profiles of 77 groups and 112 individuals who have contributed to the field descriptions of objects and events important to the subject and essays on cryptotourism and hoaxes for example Appendices offer a timeline of zoological discoveries annotated lists of movies and television series with cryptozoological themes a list of crypto fiction titles and a list of Internet websites devoted to cryptozoology
