Disaffection And Decadence A Crisis In French Intellectual Thought 1848 1898:

Disaffection and Decadence Eric C. Hansen, 1982-11-15 French Decadent Tales Stephen Romer, 2013-05-09 He had become the dandy of the unpredictable A guest for new sensations and an avowed desire to shock possessed the Decadent writers of fin de si cle Paris The years 1880 1900 saw an extraordinary hothouse flowering of talent that produced some of the most exotic stylized and cerebral literature in the French language While Decadence was a European movement its epicentre was the French capital On the eve of Freud's early discoveries writers such as Gourmont Lorrain Maupassant Mirbeau Richepin Schwob and Villiers engaged in a species of wild analysis of their own perfecting the art of short fiction as they did so Death and Eros haunt these pages and a polymorphous perversity by turns hilarious and horrifying Their stories teem with addicts maniacs and murderers as they strive to outdo each other This newly translated selection brings together the very best writing of the period from lesser known figures as well as famous names Provocative and unsettling these extraordinary corrosive little tales continue to cast a cold eye on the modern world ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **Disaffection and Decadence** Eric C. Hansen, 1982 **National Regeneration in Vichy France** Debbie Lackerstein, 2016-04-22 The creators of the Vichy regime did not intend merely to shield France from the worst effects of military defeat and occupation rather the leaders of Vichy were inspired by a will to regenerate France to establish an authoritarian new order that would repair the degenerative effects of parliamentary democracy and liberal society Their plan to effect this change took the form of a far reaching programme they called the National Revolution This is the first study of the National Revolution as the expression of Vichy's ideology and aims It reveals the variety and complexity of both right wing and other strands of French thought in the context of the turbulent years of the 1930s when Vichy's history really begins and under the Occupation when internal rivalries and divisions as well as the pressures of war doomed Vichy s programme of national regeneration The book is structured around a consideration of the rhetoric of right wing ideology and such key catchwords as decadence action order realism and new man and shows how these phrases only served to mask the political and ideological incoherence of the Vichy government Quality and Quantity William H. Schneider, 2002-08-08 This book first published in 2001 is an account of eugenicists efforts to improve the inherited biological quality of the French population Neurosis and Narrative Renée A. Kingcaid,1992 Ren e A Kingcaid uses the theories of Jacques Lacan to explore the relationships between the literary structures found in the short stories of three writers of the French Decadence Marcel Proust Jean Lorrain and Rachilde Marquerite Vallette and those psychological structures that underlie neurosis Kingcaid demonstrates for example how Marcel Proust uses fetishism to advance the plot in several of the short stories from

his first published work Pleasures and Regrets 1896 In discussing Jean Lorrain's stories from Masked Figures and Phantoms 1891 1905 Kingcaid shows how repressed childhood trauma becomes a form of metonymy that inflates to assume the entire perceptual field and then leads to moments of horrible realization By populating her short fiction from Demon of the Absurd 1894 and Stories 1900 with characters who are more interested in inspiring sexual desire than fulfilling it Rachilde produces love stories that according to Kingcaid exemplify her ability to capture the possibilities of language to express desire even as a structure of lack Kingcaid's rhetorical analysis of some of Freud's case studies and her brief critique of Simone de Beauvoir New Perspectives on the Fin-de-siècle in Nineteenth- and s Second Sex add to the comprehensiveness of her study Twentieth-century France Kay Chadwick, Timothy A. Unwin, 2000 The 14 studies in this volume are a collective demonstration of the flexibility and tenacity of the Fin de Siecle theme Studies of literature and film are mixed with sociological and historical enquiries providing an overview of the concept in its various manifestations and offering a range of insights Lu Xun Zhaoyi Zhang, 2001 This is a comparative study of the Chinese left wing intellectual leader Lu Xun and the gentle Nietzsche It covers four major aspects of their affinities the intellectual the political the literary and the personal The study does not aim at demythologising the Lu Xun cult in China which has already been shattered in the hands of its creators Through an examination of Nietzsche's influence on Lu Xun and an analysis of their similarities this study reveals a new dimension of Lu Xun's radicalism which remains relevant to the present world Looking at Lu Xun from the gentle Nietzschean perspective this study also elicits new meanings in Lu Xun's arguments about Chinese national character and his insights into the crisis in Chinese culture which remain haunting questions in the Chinese intellectual arena The History The Legitimacy of Political Violence?
