**The Disappearing Male** Joan Lachkar, 2012-12-15 The Disappearing Male by Joan Lachkar PhD provides a psychoanalytic psychodynamic description of eight different kinds of men who disappear from relationships without warning or explanation The term is not restricted to merely a physical disappearance but also to ones who emotionally disappear such as the Robotic Man described in the chapter of the OCD Lachkar's personal clinical and professional experience have shown a number of women who have been vastly confused and hurt by the disappearing male These men appear to be madly in love at the onset and then suddenly vanish without an explanation Many of these women come into therapy sessions depressed feeling traumatized and abused by men who promise them the world act as though they are the love of their lives and then suddenly vanish without a call By acknowledging the diagnostic distinctions of eight different types of disappearing men this book can help to assist these women in recognizing the red flags and danger signs to prevent them from faltering in their relationship efforts The Disappearing Male describes the symptoms of eight different diagnostic types of men that women frequently encounter The symptoms and dynamics that are outlined in this book will vastly enhance an individual's capacity to become aware of the disappearing male syndrome This book is significant to the awareness and self esteem of women in relationships the dating world and to the therapists that treat them *The Disappearing Man* Doug Peterson, 2011 Based on the true story of Henry Box Brown's amazing escape from slavery Cover

**The Art of Disappearing** John Talbot Smith, 1902 **Decolonizing Global Intelligence** Pak Nung Wong, 2025-07-24 From September 11 to the calamitous withdrawal of United States troops from Afghanistan Western intelligence has failed to negotiate the largest military and humanitarian crises across the world This book proposes to decolonize global intelligence from the peripheries of the Global South and put forward a new intelligence practice of inclusive statecraft It shows how dominant Western intelligence systems have failed to protect the very ideas they promised to uphold and the discrepancy between the West's Responsibility to Protect R2P liberalist doctrine and the realist on the ground complex reality as observed by the Failure to Protect F2P scholarships Drawing theoretical insights and empirical both historical and contemporary materials from a wide array of case studies of Western and non Western intelligence settings and practices as well as their interactions it argues that the next generation of global security and intelligence practitioners will necessitate genuine interracial non anthropocentric and cross cultural inclusivity especially the capability to take the non Western intelligence cultures and their realist strategic thoughts seriously This book will not just add new knowledge to the larger field of security and intelligence studies but will also pioneer the relatively underdeveloped fields of comparative intelligence cultures and interstellar intelligence cultural studies It will be indispensable for policymakers bureaucrats and government officials *Everyman's Psychology* John Adams, 1929
