N. Duru, 2012-12 For over two thousand years civilization has failed to live up to the expectations expounded by the Christian religion The last century alone saw two world wars a cold war and numerous other politically and racially motivated conflicts Where was Christianity amidst all that turmoil It was also believed that the end of colonial rule in Africa Asia and the Caribbean would usher in an era of peace and prosperity but the result has been decades of civil war genocide

and corruption in those regions Author S N Duru theorizes that the cause of this leap frogging from crisis to crisis is that society has allowed culture to take precedence over faith and reason When Culture Overrules God and Reason addresses the issues that form the foundation of Duru s theory and provides a workable resolution for the nations of the world It is an impassioned call to action to correct civilization s current state of being      *When God & Cancer Meet* Lynn Eib,2002 A book of powerful stories about cancer patients and their families who have been touched by God in miraculous ways some in their bodies others in their minds all in their spirits offers inspiring testimony that when God and cancer meet cancer is conquered The author herself a cancer survivor gives us a behind the scenes glimpse of 18 personal encounters with God Here s what others are saying about When God captured hope in ways that I have always taught in my professional world as well as in my spiritual community This book is a treasure to those who struggle with the fears of cancer and I want to keep it close at hand for those reasons Judy Lentz RN MSN OCN NHA Executive Director Hospice and Palliative Nurses Association I co lead a cancer support group at my church and we have been looking for just the right book to study and discuss Guess what Lyn wrote it I was truly touched by all the stories of course being a cancer survivor myself I saw myself in one of the stories as if Lyn were writing my own personal story I was truly impressed with the way she incorporated scripture and God s viewpoint into every story I think that is of utmost importance for anyone facing this disease Lyn s book is Real Life some quickly are healed of the cancer some deal with it over a prolonged period some deal with recurrences some mercifully die rather quickly I share Lyn s belief that GOD sometimes chooses to heal in different ways physically emotionally and spiritually In the process of surviving a primary brain tumor surgery Chemo and radiation I gave my life to Christ realizing that my physical health was not GOD s main concern my Spiritual health was the biggest victim of a disease that needed attention and this was the way He FINALLY got my attention Lyn s book alludes to this fact in every one of her stories In this day and age that we are living where it is against the rules to even mention GOD unless we mention His name in vain it is refreshing to have a book written praising Him for His care and concern for us written by a woman who has experienced the disease firsthand and continues to minister to others with cancer and to work for a Doctor who isn t ashamed of his Faith WOW Obviously Lyn s book has my highest recommendation and my support group will be purchasing multiple copies and we plan to invite Lyn to speak with us Lyn is a wonderful person and I thank God for allowing our paths to cross I m sure this book will touch many lives and give many a new perspective and hope with their cancer Chris Winand cancer survivor      **Embracing a Feeling Heart** Wendy J.
