Managing Food and Nutrition Services Sari Edelstein,2008 Managing Food and

Nutrition Services for the Culinary Hospitality and Nutrition Professions merges culinary hospitality and dietetics management into one concise text. This textbook prepares students to perform the daily operational tasks of foodservice by combining theory with practice. Each chapter includes hands-on assignments to encourage students to develop problem solving and critical thinking skills. Case studies about real life work situations such as chain restaurants and elementary school cafeterias ask students to consider how they would respond to typical issues in the workplace. Respected experts within their specialized field of study have contributed chapters on topics such as foodservice industry trends, fiscal management and long term planning. Easy to understand restaurant math problems with answers as well as a study guide for the RD examination are included in this new authoritative resource.
