## **Discapacitados Los:**

**Discapacidad, derecho y políticas de inclusión** Luis Cayo Pérez Bueno, 2010 En España ha casi cuatro millones de personas con discapacidad un 9% de la población total En uno de cada cinco hogares es decir en casi 3.3 millones hay una persona con discapacidad Se trata de una minoría pero muy cualificada con la que tienen una relación directa una cuarta parte de los habitantes del país Pero más allá de los frios datos estadísticos cuáles son las condiciones de vida y de ciudadanía de este grupo social La verdad es que después de más de treinta años de vida democrática la situación no es demasiado halagadora a pesar de los innegables avances que se han producido Las personas con discapacidad siguen sometidas estructuralmente a condiciones de exclusión generalizada y a intensas discriminaciones que las apartan del curso ordinario de la vida comunitaria Las personas con discapacidad y sus familias pues esta circunstancia trasciende al individuo afectando al entorno más cercano e inmediato siguen adoleciendo de dificultades severas para el acceso a bienes servicios y derechos básicos que se consideran habituales y corrientes para la población sin discapacidad Todo esto determina menores cuotas de participación social y comunitaria todo esto presupone un déficit de ciudadanía que hay que reparar Un potencial de talento de creatividad de esfuerzo y de aportaciones a la vida en comunidad está retenido por las restricciones que la sociedad somete a la participación plena de las personas con discapacidad Está justificada pues la previvencia y la intensificación de políticas activas de inclusión en todas las dimensiones de la acción pública nacional regional y local y siempre de la mano de la ciudadanía con discapacidad organizada que en España constituye el genuino motor de las políticas de discapacidad con su actividad de conciencia propuesta exigencia gestión y cooperación con los poderes públicos Esta obra que reúne los últimos artículos de Luis Cayo Pérez Bueno aborda con visión crítica y al tiempo propositiva los aspectos de mayor relevancia de la discapacidad considerada desde un punto de vista político y normativo *Los héroes olvidados. El deporte en los discapacitados físicos* Pilar Castro Pañeda, 1999 Los aspectos tratados en esta obra fueron la cronología e historia del deporte para discapacitados físicos la definición y clasificación de las deficiencias físicas aspectos fisioterapéuticos médicos y psicológicos del deporte para discapacitados físicos clasificación de los deportes para este colectivo materiales transportes e instalaciones deportivas adaptadas el deporte para discapacitados físicos en la escuela un ejemplo práctico la natación y la principal normativa existente *Visiones y revisiones de la discapacidad* Patricia Brogna, 2012-05-09 Esta nueva edición la cuarta de esta obra completamente actualizada nos presenta los descubrimientos más recientes de la astronomía Es un serio intento para informar al público sobre algunos aspectos de la astronomía y la astrofísica contemporáneas los estudios sobre el nacimiento la vida y la muerte de las estrellas sobre la gran explosión que dio origen a toda la materia del cosmos incluida la que nos forma y sobre los diversos experimentos a través de los cuales pueden medirse sus efectos entre otros interesantes temas Discapacidad y sociedad Len Barton, 1998-01-01 Las ideas concepciones e intereses médicos y psicológicos han influido de una manera preponderante en la política la teoría y las actuaciones ante la discapacidad El presente volumen contempla esta

problemática desde prácticas más sociológicas pedagógicas y políticas teniendo también en cuenta los derechos humanos la justicia social y la igualdad de oportunidades por lo que puede considerarse como una obra de referencia Sus autores y autoras prestigiosos especialistas en ciencias sociales analizan las condiciones materiales y sociales en las que se desenvuelven las personas discapacitadas El objetivo de este estudio consiste en la identificación de las características esenciales que deben aparecer en la construcción de una teoría social de la discapacidad Los diversos trabajos aquí reunidos ponen de manifiesto cómo se fueron creando las actuales relaciones sociales con las personas discapacitadas las funciones y roles que se les permite desarrollar y los significados que llevan asociados los términos con que se les etiqueta En resumen esta obra desarrolla análisis sociopolíticos y educativos sobre las limitaciones de las personas discapacitadas a la hora de ejercer su ciudadanía en una sociedad democrática Por ello es de gran interés para quienes se dedican a temas no sólo de discapacidad sino de educación servicios sociales sociología y política social
