## **Discerning The Subject:**

Discerning the Subject Paul Smith, 1988      **Liturgy and the New Evangelization** Timothy P. O'Malley, 2014-03-14 In *Liturgy and the New Evangelization* Timothy O Malley provides a liturgical foundation to the church's New Evangelization. He examines questions pastoral ministers must treat in order to foster the renewal of humanity that the New Evangelization seeks to promote. Drawing on narrative as well as theological concepts in biblical, patristic and systematic theology O Malley invites readers into a renewed experience of the liturgical life of the church, learning to practice the art of self-giving love for the renewal of the world.

**Passage to Manhattan** Lopamudra Basu, Cynthia Leenerts, 2009-10-02 *Passage to Manhattan* Critical Essays on Meena Alexander is a unique compendium of scholarship on South Asian American writer Meena Alexander who is recognized as one of the most influential and innovative contemporary South Asian American poets. Her poetry, memoirs and fiction occupy a unique locus at the intersection of postcolonial and US multicultural studies. This anthology examines the importance of her contribution to both fields. It is the first sustained analysis of the entire Alexander oeuvre, employing a diverse array of critical methodologies: Drawing on feminist Marxist cultural studies, trauma studies, contemporary poetics, phenomenology and psychoanalysis, the collection features fifteen chapters and an Afterword by well-established scholars of postcolonial and Asian American literature like Roshni Rustomji, May Joseph, Anindyo Roy and Amritjit Singh, as well as by emerging scholars like Ronaldo Wilson, Parvinder Mehta and Kazim Ali. The contributors offer insights on nearly all of Alexander's major works and the volume achieves a balance between Alexander's diverse genres, covering the spectrum from early works like *Nampally Road* to her forthcoming book *The Poetics of Dislocation*. The essays engage with a variety of debates in postcolonial feminist and US multicultural studies, as well as providing many nuanced and detailed readings of Alexander's multi-layered texts.

*Husserl, Kant and Transcendental Phenomenology* Iulian Apostolescu, Claudia Serban, 2020-08-10 The transcendental turn of Husserl's phenomenology has challenged philosophers and scholars from the beginning. This volume inquires into the profound meaning of this turn by contrasting its Kantian and its phenomenological versions. Examining controversies surrounding subjectivity, idealism, aesthetics, logic, the foundation of sciences and practical philosophy, the chapters provide a helpful guide for facing current debates.

this project participants were asked to reflect not simply on the nature and meaning of tragedy but also on ways in which those who are the victims of tragedy make sense of or cope with their condition It was recognised that abstract reflection is important in this regard but also that such reflection must be rooted in ordinary everyday experience and thus the conference had as one of its aims the attempt to ensure that philosophical reflection not lose the moorings it needs in the reality of ordinary life
