International Marketing and the Trading System M. M. Kostecki,2001 **The WTO and the Multilateral Trading System** Bhagirath Lal Das,2003 This Book charts the evolution of the multilateral trading system over the last half century and explores the future outlook for the intergovernmental body that constitutes its institutional base and which is responsible for governing the conduct of global commerce the World Trade Organisation WTO The author a leading authority on international trade identifies the distinct trends that have characterised the historical progression of the system from the

formulation of the General Agreement on Tariffs and Trade GATT in 1947 through the WTO's inception in 1995 to the present day. He examines how the GATT/WTO framework has traditionally been used by the major industrial nations as a vehicle to pursue their narrow economic and political interests at the expense of Third World countries' development prospects. This North-South imbalance continues to pervade the multilateral trade regime today in the form of inherent inequities in the WTO agreements and their implementation and attempts to insert potentially damaging new issues into the WTO agenda. Further, this book traces the intimate links between these substantive deficiencies and the WTO's murky decision-making processes which are dominated by its developed country members to the detriment of the developing countries. *Morocco Investment and Business Guide Volume 1 Strategic and Practical Information* IBP USA, 2013-08. *Morocco Investment and Business Guide Strategic and Practical Information* **Africa and the World Trading System** T.
