Edwards II, Everyone knew Jeffrey Epstein was a billionaire The problem He probably wasn't For decades Jeffrey Epstein operated as a phantom financier a man whose wealth was legendary but whose actual sources of income remained invisible While prosecutors pursued him for sex crimes the more sinister question went largely unexplored Where did the money really come from and what did it buy The Money Illusion follows the paper trail that Epstein spent his life obscuring From his mysterious relationship with retail magnate Leslie Wexner to his web of offshore accounts and shadowy trusts this meticulously researched investigation reveals how financial secrecy enabled one of the most disturbing criminal enterprises of our time James G Edwards II exposes the enablers who made it possible the banks that processed suspicious transactions the lawyers who structured impenetrable legal shields the elite institutions that accepted tainted donations and the powerful individuals who benefited from looking away This isn't just Epstein's story it's an indictment of the systems that protected him When money can buy silence access and impunity what does justice even mean Unflinching thoroughly documented and impossible to ignore The Money Illusion asks the questions that still haunt this case and demands accountability for those who profited from the ghost story of a billionaire who may never have existed Ethics in a Capitalist Economy Robert CB Miller, 2025-11-13 An innovative application of virtue ethics to economic relationships contractual behavioural and entrepreneurial **BUSINESS STRUCTURES.**, 2024 **Dark Horse Records** Aaron Badgley, 2024-11-06 In 1974 with Apple winding down George Harrison still aspired to help new artists so rather than trying to salvage Apple he set up his own label Dark Horse Records on a much smaller scale His plan was to release records from new artists as well as some of his old friends with an eye to eventually releasing his own music While Dark Horse had an encouraging beginning with a hit single from Splinter the label suffered increasing problems failing to establish itself in the way Harrison hoped However some incredible and varied music was created from 1974 to 1977 including some of Harrison's best solo material Towards the end

of its initial life Dark Horse dropped most of its artists and released mainly Harrison's solo work Thankfully since 2020 Dhani Harrison has taken the reins and has made Dark Horse viable once again signing Cat Stevens and Billy Idol and releasing music from Joe Strummer and Leon Russell Finally in 2023 it was announced that Harrison's entire solo catalog was going to be re-released on Dark Horse This book tells the story of the label from the beginning through its struggles and on to its exciting renaissance in the new millennium At a very young age Aaron Badgley developed a profound love of The Beatles and music in general also developing a fascination with record labels At the age of 19 he started working in radio and by the age of 20 he was a production manager for a number of stations in Canada In 2005 he debuted his syndicated radio show The Beatles Universe which ran for six years Currently he is the host of Here Today and Backwards Traveller radio shows and co-hosts From Memphis To Merseyside and The Way Back Music Machine with Tony Stuart He writes for Spill Magazine and Immersive Audio Album He has also contributed to the All Music Guide Aaron resides in Toronto Canada **Current**
