Business Computing Primer:

   Business Computing Primer John S. Edwards,Colin David Lewis,1994 Mixing concepts techniques and practical detail in a business context this book aims to provide a sound basis on which business studies business information systems and business computing students can build in order to succeed as managers in computing and IT environments It assumes little prior knowledge of computing or business concentrating on aspects related to using and managing the technology not to buiding it   *Profitable Small Business Computing* Frank Greenwood,1982   Business Computing G. J. Erwin,C. N. Blewett,1996 This is a business information systems textbook for a new education system The book helps overcome many of the difficulties faced by first year information systems students Up to date material includes a series of South African business case studies with examples and exercises A second more formally structured section describes discusses summarises and reinforces key topics The business section covers application examples from small and large business situations from the retail to the manufacturing and financial services sectors The authors group much of the material in problem driven rather than product driven sections asserting that some understanding of the fundamental material is improved by presentation in a comfortable easy to read style   **Computing Newsletter for Schools of Business** ,1984
