Richard, 2003 Focusing on middle class women's contributions to the northern Civil War effort Patricia Richard shows how women utilized their power as moral agents to shape the way men survived the ravages of war Busy Hands investigates the ways in which white and African American women used images of family and domestic life in their relief efforts to counter the effects of prostitution gambling profanity and drinking threatening men's postwar civilian fitness Drawing on letters diaries and memoirs of Civil War nurses sanitary workers soldiers and the soldiers aid societies Richard develops a new perspective on domestic influence on the war as women sought to save soldiers from the dangers of the military world **The Northern Home Front during the Civil War** Paul A. Cimballa, Randall M. Miller, 2023-02-21 With a new preface and updated historiographical essay Based on recent scholarship and deep research in primary sources especially the letters and diaries of ordinary people The Northern Home Front during the Civil War is the first full narrative history and analysis of the northern home front in almost a quarter century It examines the mobilization recruitment management politics costs and experience of war from the perspective of the home front with special attention to the ways the war affected the ideas identities interests and issues shaping people's lives and vice versa The book looks closely at people's responses to war's demands whether in supporting the Union cause or opposing it and it measures the ways the war transformed society and economy or simply reconfirmed ideas and reinforced practices already underway As The Northern Home Front during the Civil War reveals issues and concerns of emancipation conscription civil liberties economic policies and practices religion party politics war management popular culture and work were all part of what Lincoln rightly termed a People's Contest and as much as the armies in the field determined the outcome of the nation's ordeal by fire As The Northern Home Front during the Civil War shows understanding the experience of the women and men on the home front is essential to realizing Walt Whitman's oft quoted call to get the real war into the books **Family War Stories** Keith P. Wilson, 2024-04-16 Based on an extensive collection of letters written from the home front and the battlefield Family War Stories offers fresh insights into how the reciprocal nature of family correspondence can shape a family's understanding of the war Family War Stories examines the contribution of the Densmore family to the Northern Civil War effort It extends the boundaries of research in two directions First by describing how members of this white family from

Minnesota were mobilized to fight a family war on the home front and the battlefield and second by exploring how the war challenged the family's abolitionist beliefs and racial attitudes Family War Stories argues that the totality of the family's Civil War experience was intricately shaped by the dynamics of family life and the reciprocal nature of family correspondence Further it argues that the serving sons understanding of the war was shaped by their direct military experiences in the army camps and battlefields and how their loved ones at home interpreted these experiences With two sons serving as officers in the United States Colored Troops regiments fighting in the Mississippi Valley the Densmore family was heavily involved in destroying slavery Family War Stories analyses how the sons military experiences tested the family's abolitionist ideology and its commitment to white racial superiority It also explains how the family sought to accommodate the presence of a refugee from slavery working in the family kitchen In some ways the presence of this worker in the household posed an even greater range of challenges to the family's racial beliefs than the sons military service By examining one family's deep involvement in the war against slavery Wilson analyses how the Civil War posed particular challenges to Northerners committed to abolitionism and white supremacy
