## **But The Pension Fund Was Just Sitting There A Doonesbury:**

But the Pension Fund was Just Sitting There G. B. Trudeau, 1979 This book contains cartoons from 1978 and 1979

**But the Pension Fund Was Just Sitting There!** G. B. Trudeau, 1990-09-04 **Cartoonists, Works, and Characters in the United States through 2005** John Lent, 2006-04-30 This penultimate work in John Lent's series of bibliographies on comic art gathers together an astounding array of citations on American cartoonists and their work. Author John Lent has used all manner of methods to gather the citations: searching library and online databases, contacting scholars and other professionals, attending conferences and festivals, and scanning hundreds of periodicals. He has gone to great length to categorize the citations in an easy-to-use scholarly fashion and in the process has helped to establish the field of comic art as an important part of social science and humanities research. The ten volumes in this series, covering all regions of the world, constitute the largest printed bibliography of comic art in the world and serve as the beacon guiding the burgeoning fields of animation, comics, and cartooning. They are the definitive works on comic art research and are exhaustive in their inclusiveness, covering all types of publications: academic, trade, popular, fan, etc., from all over the world. Also included in these books are citations to systematically researched academic exercises as well as more ephemeral sources such as fanzines, press articles, and fugitive materials: conference papers, unpublished documents, etc., attesting to Lent's belief that all pieces of information are vital in a new field of study such as comic art.

**What Is It, Tink, Is Pan In Trouble?** G. B. Trudeau, 1992 Grab your Dramamine! It's Silly Season and the election handicappers are losing their shirts. Kudos to Rick Redfern for the first bombshell. His evidence that Quayle handlers conspired to silence a federal prisoner causes Dano to wail and editors to bail. Out on the campaign trail Mark Slackmeyer tracks His Incumbency, causing a stir by serving up accurate if incomprehensible transcripts of primo Bushspeak. Meanwhile over in aisle two of the Cosmic Supermarket Jerry Brown Insider has doubled his shelf life by repackaging himself as Jerry Brown Outsider. And as Roland and Rick find themselves in the tank for the semi-flawed character from Arkansas Look out Mt. Rushmore the two Dukes David and Uncle conspire as only distant cousins can. Of course things are tough all over as everyone but Poppy has noticed. Of the core Doonesbury cast in What Is It, Tink, Is Pan in Trouble only one has a job that requires getting out of bed. As Mike enters his second year of full unemployment and B.D. realizes he needs to get a post Ground War life ex-nanny Zonker finesses the recession by returning home to his terrified parents.

**Power and Accountability** Robert A. G. Monks, Nell Minow, 1991 Corporations determine far more than any other institution the air we breathe, the quality of water we drink even where we live yet they are not accountable to anyone. Authors Robert Monks and Nell Minow take up the cause of corporate accountability and shareholders' rights in this controversial book that is sure to shake up America's corporate

power elite     The Pension Book Karen Ferguson, Kate Blackwell, 1996-05 Every pension plan has its fine print Using case studies from the Pension Rights Center Ferguson and Blackwell show what everyone in a private plan needs to know how and when their pension will vest how much their benefit will be and whether it is adjusted for inflation Is the plan overfunded or underfunded Will it survive should the company change hands or go bankrupt And what happens in the event of death or divorce Each chapter tackling these subjects is followed by a What to Do section in which the authors demonstrate point by point how we can take charge of our retirement future No retirement plan You're not alone Half of all Americans have no plan other than social security and this venerable system never intended to cover all retirement needs typically pays people 40 percent of what they were earning when they worked Or maybe you're in a do it yourself savings plan Increasingly employers are substituting these plans for traditional pensions Again Ferguson and Blackwell provide practical suggestions and reliable advice about the pros and cons of IRAs 401 k's and the other tax sheltered savings arrangements     **Oversight Hearings on ERISA Reporting and Disclosure Requirements** United States.
