BUTTERFLY SUNDAY

Butterfly Sunday

D. P. A.

Butterfly Sunday:

Butterfly Sunday David Hill, 2001 Leona Sayres wife of a small Mississippi town preacher has seethed in loneliness and rage since her husband Averill buried her newborn baby girl The only way Leona knows to ease her pain is to murder her husband Suddenly doing the unthinkable Leona discovers Averill had secrets beyond her guessing and cannot stop the chain of events that will unmask an astounding secret and change a town and its people forever Brushed by the Butterfly's Wings E. Scott Tapscott, 2005-04-05 Depicting the painful start and stop process which is an inevitable part of humankind's quest for a more enlightened world BRUSHED by the BUTTERFLY S WINGS presents the first three decades of the Twentieth Century as a complex period in which a visionary few are beginning to see the errancy of an unjust society and its retentive belief systems Set in the Southern most foothills of the Appalachians it is a fictional account of those few of the circumstances that propelled them and the resistance that they met a story of human courage which pits family member against family member and an idealistic minority against a complacent majority who can see neither a reason for nor the irreversibility of a restlessness that seethes beneath a facade of false civility on the part of some and painful acquiescence on the part of others A must read for anyone interested in the deterrent effects of a world more comfortable with the supposed wisdom of traditionalism than with new conceptual realities and the changing paradigms that accompany them

Performing Asian Transnationalisms Amanda Rogers, 2014-09-19 This book makes a significant contribution to interdisciplinary engagements between Theatre Studies and Cultural Geography in its analysis of how theatre articulates transnational geographies of Asian culture and identity Deploying a geographical approach to transnational culture Rogers analyses the cross border relationships that exist within and between Asian American British East Asian and South East Asian theatres investigating the effect of transnationalism on the construction of identity the development of creative praxis and the reception of works in different social fields This book therefore examines how practitioners engage with one another across borders and details the cross cultural performances creative opportunities and political alliances that result By viewing ethnic minority theatres as part of global rather than simply national cultural fields Rogers argues that transnational relationships take multiple forms and have varying impetuses that cannot always be equated to diasporic longing for a homeland or as strategically motivated for economic gain This argument is developed through a series of chapters that examine how different transnational spatialities are produced and re worked through the practice of theatre making drawing upon an analysis of rehearsals performances festivals and semi structured interviews with practitioners The book extends existing discussions of performance and globalization particularly through its focus on the multiplicity of transnational spatiality and the networks between English language Asian theatres Its analysis of spatially extensive relations also contributes to an emerging body of research on creative geographies by situating theatrical praxis in relation to cross border flows Performing Asian Transnationalisms demonstrates how performances reflect and rework conventional transnational
