Carol Weisbrod

Butterfly The Bride Essays On Law Narrative And The Family:

Butterfly, the Bride Carol Weisbrod, 2009-09-11 Carol Weisbrod uses a variety of stories to raise important questions about how society through law defines relationships in the family Beginning with a story most familiar from the opera *Madame Butterfly* Weisbrod addresses issues such as marriage divorce parent child relations and abuses and non marital intimate contact Each chapter works with fiction or narratives inspired by biography or myth ranging from the Book of Esther to the stories of Kafka Weisbrod frames the book with running commentary on variations of the *Madame Butterfly* story showing the ways in which fiction better expresses the complexities of intimate lives than does the language of the law *Butterfly the Bride* looks at law from the outside using narrative to provide a fresh perspective on the issues of law and social structure and individual responses to law This book thoroughly explores relationships between inner and public lives by examining what is ordinarily classified as the sphere of private life the world of family relationships Carol Weisbrod is Ellen Ash Peters Professor of Law at the University of Connecticut Her other books include *The Boundaries of Utopia* and *Emblems of Pluralism* Law Stories Gary Bellow, Martha Minow, 1998-05-11 Accounts of law problems and the way they were handled written by the responsible lawyers *Pain, Death, and the Law* Austin Sarat, 2009-09-11 This collection of essays examines the relationship between pain death and the law and addresses the question of how the law constructs pain and death as jurisprudential facts The empirical focus of these essays enables the reader to delve into both the history and the theoretical complexities of the pain death law relationship The combination of the theoretical and the empirical broadens the contribution this volume will undoubtedly make to debates in which the right to live or die is the core issue at hand This volume will be an important read for policy makers and legal practitioners and a valuable text for courses in law the social sciences and the humanities Austin Sarat is William Nelson Cromwell Professor of Jurisprudence and Political Science Amherst College *Strangers to the Law* Lisa Melinda Keen, Suzanne Beth Goldberg, 2010-05-18 In 1992 the voters of Colorado passed a ballot initiative amending the state constitution to prevent the state or any local government from adopting any law or policy that protected a person with a homosexual lesbian or bisexual orientation from discrimination This amendment was immediately challenged in the courts as a denial of equal protection of the laws under the United States Constitution This litigation ultimately led to a landmark decision by the United States Supreme Court invalidating the Colorado ballot initiative Suzanne Goldberg an attorney involved in the case from the beginning on behalf of the Lambda Legal Defense and Education Fund and Lisa Keen a journalist who covered the initiative campaign and litigation tell the story of this case providing an inside view of this complex and important litigation Starting with the background of the initiative the authors tell us about the debates over strategy the court proceedings and the impact of each stage of the litigation on the parties involved The authors explore the meaning of legal protection for gay people and the arguments for and against the Colorado initiative This book is essential reading for anyone interested in the development of civil rights protections for gay

people and the evolution of what it means to be gay in contemporary American society and politics In addition it is a rich story well told and will be of interest to the general reader and scholars working on issues of civil rights majority minority relations and the meaning of equal rights in a democratic society Suzanne Goldberg is an attorney with the Lambda Legal Defense and Education Fund Lisa Keen is Senior Editor at the Washington Blade newspaper *Communities and Law* Gad Barzilai,2010-02-05 Offers an alternative approach to liberalism and to communitarianism with an empirical focus on Israel

Laws of the Postcolonial Eve Darian-Smith,Peter Fitzpatrick,1999 Essays reveal the central part played by law in constituting the West as the antithesis of various others **Women's Rights and Religious Law** Fareda Banda,Lisa Fishbayn Joffe,2016-02-12 The three Abrahamic faiths have dominated religious conversations for millennia but the relations between state and religion are in a constant state of flux This relationship may be configured in a number of ways Religious norms may be enforced by the state as part of a regime of personal law or conversely religious norms may be formally relegated to the private sphere but can be brought into the legal realm through the private acts of individuals Enhanced recognition of religious tribunals or religious doctrines by civil courts may create a hybrid of these two models One of the major issues in the reconciliation of changing civic ideals with religious tenets is gender equality and this is an ongoing challenge in both domestic and international affairs Examining this conflict within the context of a range of issues including marriage and divorce violence against women and children and women s political participation this collection brings together a discussion of the Abrahamic religions to examine the role of religion in the struggle for women s equality around the world The book encompasses both theory and practical examples of how law can be used to negotiate between claims for gender equality and the right to religion It engages with international and regional human rights norms and also national considerations within countries This book will be of great relevance to scholars and policy makers with an interest in law and religion gender studies and human rights law Bad Boys Ann Arnett Ferguson,2001-08-28 Statistics show that black males are disproportionately getting in trouble and being suspended from the nation s school systems Based on three years of participant observation research at an elementary school Bad Boys offers a richly textured account of daily interactions between teachers and students to understand this serious problem Ann Arnett Ferguson demonstrates how a group of eleven and twelve year old males are identified by school personnel as bound for jail and how the youth construct a sense of self under such adverse circumstances The author focuses on the perspective and voices of pre adolescent African American boys How does it feel to be labeled unsalvageable by your teacher How does one endure school when the educators predict one s future as a jail cell with your name on it Through interviews and participation with these youth in classrooms playgrounds movie theaters and video arcades the author explores what getting into trouble means for the boys themselves She argues that rather than simply internalizing these labels the boys look critically at schooling as they dispute and evaluate the meaning and motivation behind the labels that have been attached to them Supplementing the perspectives of the boys with

interviews with teachers principals truant officers and relatives of the students the author constructs a disturbing picture of how educators beliefs in a natural difference of black children and the criminal inclination of black males shapes decisions that disproportionately single out black males as being at risk for failure and punishment *Bad Boys* is a powerful challenge to prevailing views on the problem of black males in our schools today It will be of interest to educators parents and youth and to all professionals and students in the fields of African American studies childhood studies gender studies juvenile studies social work and sociology as well as anyone who is concerned about the way our schools are shaping the next generation of African American boys Ann Arnett Ferguson is Assistant Professor of Afro American Studies and Women s Studies Smith College **Michigan Law Review** ,1999 **From Noose to Needle** Timothy Vance Kaufman-Osborn,2002-11-06 Discusses the dilemmas of the relationship between the liberal state and capital punishment Jurors' Stories of Death Benjamin Fleury-Steiner,2004 An extraordinary study of the people directly involved in death penalty decisions

Punishing Schools William Lyons,Julie Drew,2006-03-07 In a society increasingly dominated by zero tolerance thinking *Punishing Schools* argues that our educational system has become both the subject of legislative punishment and an instrument for the punishment of children William Lyons and Julie Drew analyze the connections between state sanctions against our schools the diversion of funding to charter schools imposition of unfunded mandates and enforcement of dubious forms of teacher accountability and the schools own infliction of punitive measures on their students a vicious cycle that creates fear and encourages the development of passive and dependent citizens Public schools in the United States are no longer viewed as a public good On the contrary they are increasingly modeled after prisons and students similarly have come to mirror the suspicions and fears attributed to prisoners *Punishing Schools* is one of the most insightful thoughtful and liberating books I have read on what it means to understand critically engage and transform the present status and state of schools from objects of fear and disdain to institutions that value young people teachers and administrators as part of a broader vision of social justice freedom and equality William Lyons and Julie Drew have done their homework and provide all the necessary elements for understanding and defending schools as public spheres that are foundational to a democracy This book should be required reading for every student teacher parent and concerned citizen in the United States In the end this book is not just about saving schools it is also about saving democracy and offering young people a future that matters Henry Giroux McMaster University This is an important book a distinctive contribution The authors move back and forth convincingly between the micropolitics of school discipline and the politics writ large of the liberal left and the utopian right The result is an expansive idealistic and well grounded book in the spirit of the very best of social control literature Stuart Scheingold Professor Emeritus Political Science University of Washington William Lyons is Director of Center for Conflict Management and Associate Professor of Political Science University of Akron Julie Drew is Associate Professor of English University of Akron The Family in Twentieth-century American Drama Thaddeus Wakefield,2003 The central subject of

American drama is arguably the American family From Royall Tyler s colonial comedy The Contrast 1787 to August Wilson s King Hedley II 2000 relationships between husbands wives and their children have been used consistently by American playwrights to explore and illuminate the American experience This study of the family in twentieth century American drama explores how filial relationships are affected by the capitalistic culture of consumption that permeates twentieth century American society By analyzing relationships within both traditional and nontraditional families this book examines how family members in American plays perceive themselves and others as things in American twentieth century capitalistic society

The Politics of Community Policing William Lyons,1999-02-09 DIVCommunity policing the author argues does not necessarily empower the community but often increases the power of the police div *Beyond the Canon* ,2008 **Current Publications in Legal and Related Fields** ,1999 Sexual Naturalization Susan Koshy,2004 Situating her discussion within the context of the history of antimiscegenation regulation in the United States and its construction of power relations and racial meaning Koshy English and Asian American studies U of Illinois at Urbana Champaign conducts close readings of narratives of white Asian miscegenation in order to track the shifts in racial and sexual ideologies encoded in the texts Paying particular attention to the differences in the way Asian man white woman dyads and white man Asian woman dyads signified differing representations of Asian assimilability she looks at John Luther Long s Madame Butterfly D W Griffith s film Broken Blossoms the writings of Filipino American Carlos Bulosan and Wife and Jasmine by Indian American Bharati Mukherjee *New Books on Women and Feminism* ,1999 International Journal of the Sociology of Language ,1974 **American Book Publishing Record** ,1998
